AMERICANS SHOT BY MEXICAN FEDERALS

Four Who Were Fighting With the Army of Insurrection Excuted by a Military Court Martial.

ATTACK ON JUAREZ SEEMS IMMINENT

San Antonio, Texas, March 23.—John Hamilton Dignowitty, well known here as "Ham" Dignowitty, and three other Americans, have been shot to death under orders of a Mexican court martial for participation in the insurrection, according to a dispatch received today by members of the Dignowitty family. The news was brought by Fred Dignowitty, a cousin of the executed man, but he had no particulars aside from the allegation that the execution was the order of a drum-head court martial. "Ham" Dignowitty was 30 years of age and was engaged in the cattle and mining business in the state of Chihuahua.

H. M. Burns, a mining man with interests in Northern Mexico, arrived today. Burns today declared that the closing of the mines had thrown many Americans out of work and that 150 having no other way of making a living were with the insurrectos. In addition Burns said, there were probably fifty American adventures with the insurrectos, but the majority were mining men out of work.

General Smith's brigade, which halted in its march at Eleven Mile Hill, yesterday, resumed the trip to Leon Spring today. The night was spent under shelter tents.

A delayed report from Chihuahua that the insurrectionists might attack that city, was received here with interest, but a dispatch to the local jaunta up to yesterday shows that there has been no assault upon the town up to that time.

ATTACK ON JUAREZ IMMINENT.

Juarez, Mexico, March 23.—It was reported today that bands of insurrectos had been seen from the house tops and the Mexican troops which garrison Juarez showed renewed activity.

Great uneasiness is felt in the town. Three hundred and fifty artillerymen and a squadron of cavalry 150 strong defend the town.

More sand bags were pied along the edges of the flat roofs to be used

SAY WOOD LIGHT IS TOO BRIGHT

Think Tungsten Better to Use for Ornamental Lighting.

WHAT MR. RAHE SAYS

Speaking for the committees from the commercial and improvement organizations that asked the board of works to adopt tungsten lights for the ornamental post system that is to be used on a number of streets down town, Frank J. Rahe, president of the Retail Merchants' association, said today:

"Unfortunately the Wood magnotite light, which was considered when a system was being selected is not of the type designed for ornamental posts. This light is of the kind used for the arc system and is in use here in Fort Wayne and the committee in charge of the matter did not think that the desired result could be obtained by adopting them.

"If the Fort Wayne Electric works ha dbeen able to supply the city with what it wants it would have had first consideration, as we all appreciate that it is a big institution, employing a great number of people and one of the leading institutions of its kind in the country. It is the most natural thing on earth to believe that people whose interests are all here would patronize home products where it is possible, but in this instance it was out of the question.

"This system is designed first for ornamentation and this could not have been obtained with the Wood light, because it is meant for high poles and we all know that in its particular line it is unexcelled."

What the Mayor Says.

Mayor Grice said:

"In buying the equipment for the city plant the Fort Wayne Electric works was given the preference and

CALLS SOCIALIST TO A CONFERENCE

Italian King Makes an Unprecedented Concession to That Party.

A STRANGE INSTANCE

Rome, March 23.—King Victor Emmanuel received Deputy Bissolati, leader of the socialist parliamentary group, at the Quirinal today and consulted with him regarding ministerial crises with a view to the possible participation of the socialists in the government to succeed that of Premier Luzzatti, resigned.

This move on the part of his majesty is unprecedented, the present being the first occasion on which a socialist deputy has entered the Italian royal palace to speak with the king.

But beyond this the audience was notable for the reason that it was Bissolati who, during one of the stormiest sittings of the chamber of deputies in 1900 when obstructionists were blocking the proceedings, shouted loudly three times, "Death to the king." A few months later King Humbert was assassinated by the anarchist, Gaetano Bresci, at Menza.

NEARLY BREAKS UP DANCE.

Ohio Girl Appears at Marion Gathering in Harem Skirt.

Marion, Ind., March 23.—Miss Edith Decker, who came from her home in Toledo, Ohio, to visit Marion relatives and friends, created a sensation when she entered a dance hall wearing a black satin harem skirt. It was the first time a harem skirt has been worn in this city, and it was such a novelty that other dancers were scarce on the floor while Miss Decker was dancing, the former desiring to use their eyes rather than their feet.

CONVOCATION IS NEARING AN END

Fort Wayne Consistory Has Class of Eighty Candidates.

SHRINERS TOMORROW

With a class of eighty candidates upon whose membership the degrees from 19 to 32 are being conferred, Fort Wayne consistory is in session today with the final work of the spring convocation of the Ancient Accepted Scottish Rite.

Total attendance at the reunion has been more than 800, and it has included a large number of prominent Masons from various sections of Indiana. This evening the entire time will be given over to the final or 32d degree of the consistory.

Tomorrow Mizpah temple, Nobles of the Mystic Shrine, will admit a large number of candidates whose rank in the Scottish Rite now makes them eligible to the Mystic Shrine.

Seven Hundred at Banquet.

Seven hundred Scottish Rite Masons were in attendance at the banquet served in the great banquet room at the cathedral Wednesday evening and Schlatter's orchestra furnished the music. E. G. Hoffman presided as toastmaster and Judge R. K. Erwin delivered the address to the class. The response was by Prof. W. A. Wirt, superintendent of schools at Gary, who is a member of the class, and who represented his companions most gracefully and happily.

Hon. Stuart MacKibben, 33rd degree, of South Bend, delivered the principal address of the evening, and following the recital of one or two good-natured stories at the expense of Fort Wayne Mr. MacKibben reached the feature of his effort—a magnificent tribute to the memory of the late Samuel E. Sweet and the late Henry C. Adams, two members who were for many years high in the councils of Scottish Rite Masonry in Indiana.

Wednesday evening was given over to the work of Emanuel chapter of Rose Croix, which conferred its degrees upon a class of eighty candidates.

Some of the Visitors.

Among the out-of-town Scottish Rite Masons who registered yesterday and today were A. C. Engle, Decatur; J. L. Smith, Hoagland; W. H. Leas, Waterloo; W. O. Taylor, Andrews; H. M. Kensill, Elkhart; Clyde Watson, Angola; G. E. Malloy, Angola; C. E. Endicott, Andrews; E. L. Taylor, Andrews; J. G. Hietzinger, Andrews; K. C. Evans, Payne, O.; A. M. Smith, Elkhart; H. R. CAMORRIST LADY TELLS HER TALE

Only Female Defendant in Bunch on Trial at Viterbo is Heard.

WOMAN WITH A FAST

Viterbo, March 23.—Maria Stendardo, at whose home, the state alleges, the assassins washed their hands of the blood of the Cuoccolos, was examined by President Bianchi at the trial of the thirty-six camorrists today. She is the only woman among the prisoners. The charge against her is complicity in the murders and receiving stolen goods. In the course of the interrogation the accusation was made that she had bribed the witnesses to testify falsely in aid of the defendants. This she denied, asserting that, on the contrary, the carbineers had offered to pay her $12 for each witness whom she secured to sign a statement prepared by them.

Madame Has a Pas.

Maria Stendardo, whose defense was a general denial of the charges, is under middle age and retains much of the beauty that in youth resulted in many conquests in the poorer class among whom she was born, and later made her a woman of ease and influ-

PROUD OF ARMY'S MOBILIZATION

General Staff Considers the Task Was Done in a Swift Fashion.

DID NOT TAKE LONG

Washington, March 23.—The general staff is proud of the degree of success attained in the effort to mobilize an army division in Texas and today made public the facts, as gathered by the army inspectors upon which the record was made.

Instead of occupying sixty days, as had been freely predicted in some quarters, the entire movement was completed in ten days.

Within 18 hours after orders on March 6, the Tenth infantry were entrained at Fort Benjamin Harrison, Ind. The Fourth field artillery were last to board the cars at Fort D. A. Russell, Wyo., but that was because of the inability of the railroads to get the coaches to that point promptly.

The Seventeenth infantry from Fort McPherson, Ga., was the first organization to reach San Antonio, and it was in camp under canvas three and one-half days after the orders. The troops from Fort Myer, Va., had the greatest distance to travel, 1,715 miles, to reach San Antonio and they averaged 28 miles an hour on the trip.

LLOYD GEORGE MAY RESIGN.

London, March 23.—The report is again current that David Lloyd George will be compelled by ill health to resign from his post as chancellor of the exchequer. Secretary Rowlands refused to confirm or deny the report, or say more than it is "totally unauthorized."

INJUNCTION GRANTED COX

Judge Gorman Restrained from Proceeding With Trial of Case.

MAIN POINT OF BOSS ATTAINED

May Not Have to Be Tried Before Judge He Says is Prejudiced.

Cincinnati, Ohio, March 23.—George B. Cox's attorneys today gained the point for which they have been fighting all week and obtained a temporary injunction from the circuit court restraining Judge Gorman, of the court of common pleas, from proceeding with the case against the indicted politician.

The action was taken as the result of a petition filed by Lawrence Maxwell, former solicitor general of the United States, who urged at length against the legality of the lower court's course.

The injunction will have the effect of stating all proceedings against Cox until the circuit court has disposed of the writ of mandamus, by which he seeks to compel Presiding Judge Charles J. Hunt, of the common pleas court, to rule definitely whether Cox's affidavit of bias and prejudice against Gorman will operate to swear that jurist off the bench so far as the Cox case is concerned.

ASKS $6,000 FOR INJURIES

Mrs. Dorothea Roos Hurt During the Vanderbilt Cup Race.

BUICK MOTOR CAR COMPANY IS SUED

Says Hair Turned White as Result of Shock and Spine Was Hurt.

Mrs. Dorothea Roos entered suit in the superior court today demanding $6,000 for injuries she alleges she sustained during the Vanderbilt cup race on October 1 of last year. The Buick Motor Car company, of Michigan, is made the defendant and the service will be obtained on Joe W. Bell, the local agent.

Car Was Overturned.

Mrs. Roose sets out in her complaint that she was with a party of friends in Floral Park, Nassau county, New York, and on the premises of William Bach, having obtained permission to occupy these premises.

The car that struck her machine was driven by Louis Chevrolet and was the Marquette Buick 700 and the accident caused the death of Charles Miller, the mechanician on the racer.

Mrs. Roos recites in her complaint that the car in which she was seated was struck full force by the racer and records of the race show that it was being driven at the time at the rate of 73 and a half miles an hour.

It is stated in the complaint that her

TRYING TO SETTLE THE MARSHALSHIP

Taft Confers With Leaders and Will Offer It to Merrill Moores.

HE WILL NOT HAVE IT

Washington, March 23.—President Taft today had a conference with Representative Crumpacker and former Senator Hemenway, of Indiana, regarding matters of federal patronage in that state. It is said that as a compromise between the Beveridge faction on one side and the Hemenway-Watson on the other, the president has decided to appoint Merrill Moores, of Indianapolis, as United States marshal and Edwin M. Lee as collector of internal revenue. Mr. Moores is an independent republican and was a classmate of President Taft at Yale. Mr. Lee is state chairman of the republican party in Indiana and is known as a Beveridge man.

Mr. Moores has not yet indicated that he will accept the office, but the president is hopeful that he will do so.

WILL NOT HAVE IT.

Indianapolis, March 23.—"I don't expect to accept the office of United States marshal for Indiana if it is offered to me," was the statement of Merrill Moores, when the Associated Press dispatch, saying that President Taft had practically decided to offer him the appointment as a compromise between the Beveridge faction of the republican party in this state on the one hand and the Hemenway-Watson faction on the other, was read to him today.

"I know nothing of the conference in Washington, but I won't have the office and I wish they would quit considering me in connection with it."

HONOR MEMORY OF MOFFAT.

Denver Pays Respect to Leading Citizen at Funeral.

Denver, Col., March 23.—There will be an almost complete cessation of business in Denver for a time this afternoon out of respect to the memory of David H. Moffat, Colorado railroad builder, who died in New York Saturday. At 2 o'clock, when the funeral services will begin, every street car in the city will stop for five minutes and every power house in the city will close down. Every wheel on the Denver Northwestern and Pacific (the Moffat road) will cease to turn and work will cease so far as possible on the Denver and Rio Grande lines within the city.

All of the banks and practically all business houses and railroad offices will close for at least part of the afternoon.

The body of the financier lay in state at the capital this morning.

NO JURY FOR NEELEY SLAYER.

Independence, Kas., March 23.—When the fourth day of the trial of A. A. Truskett, 70 years old, for the murder of J. S. D. Neeley, of Lima, O., opened here today there were but a few of the special venire of sixty men left from which to select a jury. The court cautioned counsel that a jury would have to be secured before tonight.

HUNGARY SHOWS GROWTH.

Buda Pest, Hungary, March 23.—The official census shows Hungary to have a population of 20,350,700. This is an increase in ten years of 1,596,000.

A MEXICAN TOMMY LIKES SAFE PLACE

Ex-Vice President Fairbanks Discusses the Diaz Soldier.

FAR FROM FIRING LINE

Indianapolis, March 23.—Former Vice President Charles W. Fairbanks is home from California and southwestern states where he accompanied Mrs. Fairbanks a month ago for her health. Mrs. Fairbanks is still at South Pasadena and is much improved.

Mr. Fairbanks smiled when asked about the feeling along the Pacific coast on the Japanese question and said the coast people are "too sensible to be frightened by a scarecrow."

Mr. Fairbanks also visited Juarez, Mexico, in the heart of the Mexican warfare.

"Whenever word was received in El Paso that there was going to be a fight between the rebels and federals," said Mr. Fairbanks, "the Americans would flock in automobiles and carriages to places of vantage to witness the battle. It was like a holiday. In Juarez I saw many federal soldiers in the middle of the town on the roofs of buildings, barricaded behind large bags of sand.

"It was rather novel to see the soldiers concentrated in the center of town. In our country the soldiers would have been on the outskirts to prevent the entry of the enemy. The Mexican troops were certainly in a safe position and free from danger of getting hurt."

BURGLARY AT FOWLERTON.

Postoffice in Town Near Marion Looted by Robbers.

Marion, Ind., March 23.—The postoffice at Fowlerton, a small town near here, was robbed early today of $80 in money and $10 in stamps. Nitroglycerin was used in forcing open the safe.

The robbers escaped with a stolen horse and buggy belonging to Dr. J. D. Banta. Fowlerton is five miles east of Mathews, where a bank robbery occurred March 1.

WELL KNOWN EDITOR IS ILL.

Washington, Ind., March 23.—Samuel B. Boyd, editor of the Washington Herald, is critically ill at his home in this city, and it is believed he cannot live. Mr. Boyd is a member of the Democratic Editorial association and one of the best known newspaper writers in Southern Indiana.

ROOSEVELT IN OAKLAND.

Oakland, Cal., March 23.—Col. Theodore Roosevelt arrived here today to give the annual charity day address to the students of the University of California.

THE WEATHER.

Washington, March 23.—Forecast for Indiana—Fair tonight and Friday; rising temperature; light variable winds, becoming south Friday.

Illinois—Fair tonight and Friday; warmer in north and central portions Friday.

Ohio—Fair tonight and Friday; rising temperature Friday; brisk northwest winds, diminishing tonight.

Lower Michigan—Fair tonight and Friday, rising temperature Friday; light variable winds, becoming south Friday and increasing.

PATRIOTISM IS AT A DISCOUNT

Youthful Lafayettes and Kosciuskos Roped by Unfeeling Folks.

EN ROUTE TO MEXICO

Chicago, March 23.—A relief expedition to aid the Mexican insurgent cause accoutred and munitioned for dark, bloody conflict, with full equipment of real revolvers and other things, came to grief today when the outgoing train stopped at the first flag station out of Chicago. The Lafayettes or Kosciuskos—whichever one will—were taken from the train by their parents and the insurgents will have to get along the best they can alone. The patriots, who sought to cleave their way with gory steel through tyrant armies to the sunlit heights of liberty were Clark Hutchins, 13 years old, and Frank Peters and Elmer Hayes, each 14 years old. Each had his father's revolver and forty rounds of ball cartridges, campaign clothing, toilet articles, other "field equipment," a determination to do or die (that is, when they started) and a war fund. This last named consisted of 94 cents.

But the best laid schemes of mice, men and liberty-loving patriots "gang aft agley," and "standpat" parents, not alive to the high sentiments that make martyrs for liberty, called in the aid of mere policemen and at Riverdale the rescuing army was taken from the train and sent back home—with the honors of war, retaining army and equipment intact, but with the war fund depleted to the extent of three tickets to Chicago.

BLOODHOUNDS PURSUE YEGGS.

Ohio Postoffice Safe Blown and Robbed by Five Men.

Columbus, O., March 23.—Bloodhounds from Lancaster were taken to Gahanna today to attempt to trace the five robbers who early today dynamited the postoffice safe and secured a small amount of money and $75 worth of stamps. No trace of blood was seen today following the battle with a posse of citizens during which it was thought one of the robbers had been wounded.

SIMS IS NAMED TO STATE TAX BOARD

Governor Appoints Former Secretary of State to Succeed Gemmer.

M'CARDLE TO RETIRE

Indianapolis, Ind., March 23.—Fred A. Sims, former secretary of state, was appointed by Governor Marshall today to succeed Fred L. Gemmer as a member of the state board of tax commissioners. Mr. Sims will accept the appointment and qualify at once in order to prepare for the first sitting of the board April 3. Gemmer is a republican and was appointed by former Governor Hanly in December, 1908, for four years. He resigned to devote his time to his business.

Colonel Gemmer is one of the two republican members of the board, J. W. McCardle, whose commission will expire April 3, being the other. Gemmer resigned to devote all his time to his business here.

A democrat will be given McCardle's position, as the law provides that not more than two of the three members of the board shall be of the same political faith. According to arrangements made some time ago, John J. Nolan, now city attorney of Evansville, was to have been given McCardle's place, but it is not known if he will accept it. The board begins its sittings April 3 and the governor plans to dispose of the appointments by that time.

NEGROES CALL ON PRESIDENT.

Washington, March 23.—A delegation of negroes headed by John G. Napier, register of the treasury and Whitefield McKinley, collector of the port of Georgetown, D. C., called at the white house today and thanked President Taft for his action in sending a letter of confidence to Booker T. Washington.

ONEONTA, N. Y., BANK SUSPENDS.

Oneonta, N. Y., March 23.—The First National bank of this city suspended business today. The bank has about $800,000 resources and the deposits are about $500,000, with an equal amount of loans and discounts.

CHANGE MUST BE MADE IN SALARY

New State Law on Weights and Measures Has Been Received.

CITY HALL MATTERS

A change must be made in the salary clause of the new weights and measures ordinance thatis now before the city council in order that it may conform to the provisions of a statute enacted by the last legislature which provides that the salary shall not exceed $1,500 and that it cannot be less than $1,200 a year.

A copy of the law has been received by City Attorney Hogan and he is making comparisons so that if the council creates the office there will be nothing in the ordinance to conflict with the statute. This law will not become effective until January 1, 1912. It provides that where scales and measures are sealed "Ind. S." must be stamped on them instead of "Ft. W. E.," as provided in the ordinance. It also fixes the penalty for violations and permits goods to be displayed in containers provided these containers are not represented as accurate measures. For instance, peaches and potatoes can be sold for so much a basket, but they must not be represented as full measures.

The county commissioners can create a sealer and unless the city has one the jurisdiction of the county official shall include the city. All appointees work under the pure food and drug commissioner of the state, who has the right to dismiss those found incompetent or dishonest. Discharged sealers can appeal to the circuit court. There is no specification as to how much can be paid a sealer appointed by the county board.

Lake Shore Matter Up

The vacation of the ground at First and Harrison streets asked for by the Lake Shore railroad is scheduled to come before the board of public works at its meeting tonight. So far as the board knows there has been no agreement with the property owners.

WILL LEAVE TUESDAY.

Congressman Cline Preparing to Return to Washington.

Representative Cyrus Cline, who is in the city attending the Scottish Rite convocation, is preparing to leave Tuesday for Washington to attend the special session of congress called by President Taft.

Mr. Cline says that he has received no advices regarding the reported selection of Representative Boehne, of Evansville, for Indiana's place on the house rivers and harbors committee. Mr. Cline's friends have been strongly urging upon Speaker Champ Clark the appointment of the Twelfth district representative, and Mr. Cline is hopeful of securing a place on the important committee.

SAY WOOD LIGHT IS TOO BRIGHT

[Continued from Page One.]

tonight the board of public works will probably accept the new unit that has just been finished. This last cost approximately $40,000.

"The city buys all of its supplies where it is possible from the plant here at home and every cent that can be given to this company is gladly given. I understand the board of works did what the property owners wanted."

Members of the board of works were not inclined to discuss the matter and none of them wanted to be quoted, simply confining themselves that in the selection of the system property owners and the members of the association interested in the improvement had signified that they wanted tungsten lights.

There was no chance for the Wood system t oenter into competitive bidding as the equipment is in a class by itself and there is no way, in the opinion of the administration, of deciding on the basis of competition which is the cheaper.

FOOLS HOTEL CLERK.

Woman Mistaken for Mrs. Roosevelt Prolongs Deception.

Santa Barbara, Cal., March 23.—Mrs. F. G. Clemmons, of Pottsville, Pa., as the result of mistaken identity yesterday received attentions intended for Mrs. Theodore Roosevelt.

A clerk from the hotel where Mrs. Roosevelt had engaged accommodations was assigned to go to Los Angeles to attend Mrs. Roosevelt and her daughter, Miss Ethel, on the trip north. When the clerk greeted Mrs. Clemmons as Mrs. Roosevelt she immediately assumed the part in a spirit of fun and during the journey the clerk was very attentive. The hotel management had arranged for a special carriage to meet the distinguished guests at the depot and Mrs. Clemmons and her two daughters rode into the hotel while Mrs. Roosevelt and her daughter occupied the ordinary hotel 'bus.

Both Mrs. Roosevelt and Miss Ethel were very much amused when informed of the blunder.

WILL USE OLD GROUNDS.

New York Americans Will Not Get New Ball Lot Done in Time.

New York, March 23.—Although the New York American league club has bought the land for a new park just over the Harlem river at Kingsbridge and some grading work has been done, President Farrell, it was announced today, has decided not to attempt completion of the grounds, including the erection of a fine new stand, until next year.

The lease on the present grounds on Washington Heights does not expire until 1913 and when difficulties were found in the way of completion of the new park in time for use, the latter part of the season, as was planned, President Farrell is understood to have decided that it would be better policy to postpone the northward move altogether, until next year.

STOLE LOT OF CHICKENS.

Hen Roost at Sisters' School in Hesse Cassel Raided.

Thieves pried the lock off a new hen house at the sisters' school at Hesse Cassel last night and selected about two dozen of the fattest hens in the collection and made away with them.

A crowbar was used to force an entrance and it was left by the thieves, who evidently took their time as only the best of the lot were taken.

DESTROYER DRIVEN ASHORE.

Newport, R. I., March 23.—A heavy northwesterly gale drove the torpedo boat destroyer Burroughs from her berth in the inner bay and landed the craft on the mud flats at the foot of Cherry street early today. The Burroughs was resting easily on an even keel in the mud and today was considered safe although very near a rocky ledge.

TOM JOHNSON GETS ALONG.

Cleveland, Ohio, March 23.—The condition of former Mayor Tom L. Johnson, who has been in a dangerous state for the last ten days from cirrhosis of the liver, continues to improve. He had another restful night and it is expected today that he soon will be able to sit up.

PREMIER STOLYPIN TO STICK.

St. Petersburg, March 23.—Emperor Nicholas gave an audience today at Tsarkoe-Selo to M. Stolypin, and this evening the Bourse Gazette publishes a telephone message from Tsarkoe-Selo saying that it is learned from an undeniable source that the premier has withdrawn his resignation.

A CARD

To Members of the Commercial Club.

The name of J. L. Sessler is on the ticket for election as a director of the Commercial club at the meeting tonight. He is the representative of the printers' union in the club and he has been a regular, consistent attendant atthe club meetings. He is a man of intelligence and character, and I intend to vote for him, sincerely hoping for his election. It will prove of value to have Mr. Sessler a member of the board of directors. There are many matters in which all the people of Fort Wayne must become interested and it will aid to have the support of all elements of our population. Mr. Sessler's influence will be felt in that way. C. R. L.

STRICKEN AT SUPPER TABLE

Mrs. Catherine E. Houser Was Ill But Very Few Hours.

DIES OF APOPLEXY

Fatally stricken by apoplexy while seated at the supper table at 6 o'clock Wednesday evening, Mrs. Catherine E. Houser, 71 years of age, died at 1:30 o'clock Thursday morning at her home, 1332 Wells street. Mrs. Houser had been in failing health for some time, but her condition was not regarded as alarming until the fatal attack came suddenly.

Mrs. Houser was born in Ohio and had lived in Fort Wayne fifty years. She was twice married, her first husband having been Col. T. R. Prentiss, whose death occurred twenty-five years ago. Some years later she was united in marriage to Capt. John A. Houser. The latter's death occurred seven years ago. Six step-children survive. They are George A. Houser, John A. Houser, Peoria, Ill.; Mrs. Albert Schelle, Mrs. Ford Young, Miss Catherine Houser and Miss Clara Houser. There are three sisters—Mrs. Fred Ehrman and Mrs. Mary Riedmiller, of Fort Wayne, and Mrs. Tillie Lehr, of Crawfordsville. The deceased was a member of the Church of the Precious Blood.

Funeral services Saturday morning at 8:30 from the residence and at 9 o'clock from the Church of the Precious Blood.

BRUNS.

Miss Alma Katherine Bruns, daughter of Mr. and Mrs. Christian Bruns, 532 Wallace street, died at 5:30 o'clock Wednesday afternoon from spinal meningitis at the age of 22 years. Miss Bruns had been ill for the past month.

She was born and reared in Fort Wayne, educated at Zion's' Lutheran school, graduated from the International Business college and for several years had been employed as a stenographer for the Fort Wayne Abstract company. Surviving relatives include the parents, two brothers and two sisters—Henry W., Albert W. and the Misses Luella and Erna Bruns.

Funeral services Sunday afternoon at 2 o'clock from the residence and at 2:30 from Zion's Lutheran church.

HOMEYER.

Frederick C. Homeyer, for many years employed as a teamster for the Packard company, died at 1 o'clock this afternoon at his home, 614 West DeWald street, after an illness of several months from dropsy.

Mr. Homeyer was a native of Germany, but came to Fort Wayne many years ago. He was well known and highly respected. Surviving relatives include the widow and four children—Frederick Homeyer, jr., and the Misses Lizzie, Flora and Luella Homeyer. Mr. Homeyer was a member of Emmaus Lutheran church.

FUNERAL NOTICES.

Hickman.—Funeral services for Daniel Hickman will be held Friday afternoon at 2 o'clock from the residence, 1609 Sherman street, and at 2:30 from Trinity M. E. church.

Lauer.—Funeral services for Francis M. Lauer will be held Friday morning at 8:30 from the residence, 812 Coombs street, and at 9 o'clock from the Cathedral.

Honorary pall-bearers for the funeral of Mr. Lauer, representing Fort Wayne council, Knights of Columbus, will be Julian F. Franke, E. J. Parisot, John J. Woulfe, M. J. Maroney, W. J. Alter and Frank Witte. The resolutions committee named by the same organization consists of T. F. Kerby, Frank Freiburger and G. M. Deininger.

JEWELRY WAS NOT STOLEN.

Supposed Theft of $20,000 Worth in Indianapolis is Explained.

Indianapolis, Ind., March 23.—The mysterious disappearance of $20,000 worth of jewelry belonging to Mr. and Mrs. Charles Medias, was explained today by the colored maid, who could not be located last night, when the jewelry was reported missing to the police. The jewelry had been placed under Medias' pillow the night before and he forgot to remove it yesterday. There it was found by the servant, who in the absence of Mr. and Mrs. Medias had placed the jewels in a bureau drawer for safe keeping.

CARGO OF OIL IS SUNK BY GALE.

New York, March 23.—A roaring northwesterly gale that blew away all touches of spring and at times reached a velocity of fifty miles an hour played many curious pranks in this city during the night and early today. At the docks in South Brooklyn the lighter Elizabeth Washburn, loaded with 700 hogsheads of oil, was torn loose from her lashings by the gale. She promptly turned over and sank. The two men on board at the time jumped overboard and swam ashore.

HAS BEEN TROUPING.

Linton, Ind., March 23.—With the explanation that she had been traveling with a theatrical company and had grown tired of her job, Miss Viola Hays, the young girl who so suddenly and mysteriously disappeared from her home here three weeks ago, unexpectedly returned home today. She had been sent down town to buy a cake for dinner when she disappeared.

NOTED ENGRAVER DEAD.

Paris, March 23.—Louis Oscar Routy, the noted French engraver of medals and member of the French Institute, died today. He was born in this city in 1846.

ACQUITTED OF MURDER.

Evansville, Ind., March 23.—Charged with the killing of Raymond Combs at Hatfield, Ind., a week ago, Jesse Grant was acquitted today on a plea of self defense.

STORAGE PLANT HIT BY BLAZE

Centlivre Beer Depot at Montpelier May Be a Total Loss.

FIRE YET BURNING

(Special to The Sentinel.)

Montpelier, Ind., March 23.—The Centlivre Brewing company's branch office and warehouse at this city will be in total ruin in a very short time as the fire department is unable to check the spread of the flames that are rapidly consuming the buildings. For some unknown reason fire broke out in the rear of the storage plant at noon today and before the blaze could be checked the whole rear of the building was in flames.

The plant is under the management of Brunge & Vorhies, and is quite a large institution. The capacity is over two carloads and the building was nearly full of beer. The Centlivre people place the value at $4,000. The loss is entirely covered by insurance.

NOTES OF THE COURTS.

Pearl Ryan has been granted a divorce from Edward Ryan on the ground of cruelty. They were married in March, 1910, and lived together less than a year. McAdams and Hartzell are her attorneys.

Mary Maloley made no defense against two suits against her to recover on accounts for merchandise and was defaulted in the superior court.

Under the will of Catherine E. Houser $100 each is left to Anna B. Lehr, Mary Schele, Christena Young and George and John A. Houser. The balance of her estate goes to Julia Brown and Mary Riedmiller, her sisters.

FIND FUGITIVE DYING.

South Bend Robber Had Swallowed Carbolic Acid.

South Bend, Ind., March 23.—After a week of search, the police found Frank Dudek, wanted here for robbery but the fugitive cheated the authorities as he was dying from the effects of a dose of carbolic acid when they located him. The man was found unconscious in a shed in the west end and he succumbed in the county jail a short time later. Friends of the dead man are positive he took the poison with suicidal intent but they claim he was unaware the police were after him. Steven Nowskowski will also die from the effects of carbolic acid taken in an attempt to suicide.

IS HELD NOT TO BLAME.

Evansville, Ind., March 23.—Marion S. Leathers, agent of the local branch of a commercial reporting agency, who ran down and killed George R. Cecil, 73 years old, last night, is acquitted of criminal responsibility by Coroner Macer in a verdict today. Leathers voluntarily offered $1,000 bond to the police in case of an arrest, but investigation with statements of the injured man before he died caused the police to conclude that the death was purely accidental.

GOVERNOR MARSHALL RETURNS

Indianapolis, Ind., March 23.—Governor Marshall was at his office in the state house, today, having returned from a short vacation last night. Shortly after the legislature adjourned, the governor, accompanied by Mrs. Marshall, went to Danville, Ky., and from there to Hot Springs, for a rest after the strenuous work of the legislature.

DR. EVANS WILL ASSIST PROJECT

Chicago Health Commissioner Coming to City for Health Week.

HE IS NOTED WORKER

Dr. W. A. Evans, health commissioner of the city of Chicago, today gave the committee positive assurance that he would come to Fort Wayne and aid in the "Health Week" program which will be inaugurated next Monday.

For several weeks an effort has been made to secure Dr. Evans for a place upon the program, but his time is in such constant demand that a definite acceptance of the invitation could not be secured until today. Dr. Evans writes Dr. E. A. Crull, of the city health board, that he will give as much of next week as possible to Fort Wayne.

For several years Dr. Evans has been waging a vigorous fight for better health conditions in Chicago, and he has accomplished wonders in the way of enforcing improved sanitary conditions and to teach the public how to successfully combat disease. He is one of the most noted men in his line in America, and it is felt that his presence will add infinite strength to the Fort Wayne program.

ASKS $6,000 FOR INJURIES

car was thrown ten or fifteen feet in the air and that she was pinned beneath it when it fell with resultant injuries to her spinal chord and cerebellum and that this has since caused her to suffer from attacks of vertigo.

Hair Turned White.

Mrs. Roos says that since the accident her hair has turned white from the shock and that her injuries are permanent. The suit has for some time been in the hands of Attorney William Fruechtenicht who endeavored to procure a compromise and who has been collecting the data on which to base the action.

Mrs. Roos was the guest of friends in New York at the time and went with them to watch the speed exhibition and the automobile in which she was a passenger had been stopped off the course, and as the owner thought, far enough away to be out of danger.

The racers blazed a trail of blood over the whole course on the day of the race and the accident in which Mrs. Roos was hurt is only one of a long chapter that were recounted during the day.

Telegraphic accounts of the race mention the fact that three men and two women were seated in the machine and recount the death of the mechanician, but did not give any of the names of the occupants or state anything about their injuries.

Mrs. Roos is a widow and is at present making her home with J. L. Kreckman.

ence both in the camorra and in the official life of Naples. Her home is said to have been a resort of desperate criminals, while her friends included men in high places. She is an intimate friend of Nicola Morra, one of the alleged actual murderers of Cuoccolo and his wife.

Ferdinando De Matteo, accused of having lured Cuoccolo to his death, was also on the stand today. De Matteo, who is advanced in years, once had fame as an athlete and is known as an habitue of questionable resorts. According to the police a vicious character.

Fell Into a Trap.

The particular charge against him is that he induced Cuoccolo to visit a lonely spot on the pretext that they were to meet to organize a burglary at the home of Commandtoro Rossi Romano. Cuoccolo fell into the trap and found himself in a place where everything had been prepared for his death.

Under examination De Matteo denied participation in the crime and that he was the head of the camorra in his district. He stated that he hated Nicola Morra and would never work with him in a crime. They had quarreled years ago, he said, over a theft in which they were engaged.

CITY BREVITIES.

Edward M. Wilson arrived in the city this morning on his return from Lexington, Ky., where he adjusted a fire loss of approximately $8,500 resulting from the destruction by fire of a sub-station of the Lexington and Interurban Railways company.

H. H. Barcus, who was in the restaurant and later the confectionary business in this city a number of years, has disposed of his store and factory at Bluffton, which he conducted six or seven years. Mr. and Mrs. Barcus may return to Fort Wayne.

The following patients were admitted to the Lutheran hospital today: Mrs. C. J. Frye, of West Superior street; Mrs. Lewis Swenk, Fort Wayne rural route No. 3; Mrs. S. W. Black, Ligonier; Mrs. Simon Cramer, Albion; Carl Reidenbach, Wawaka. Patients discharged: Mrs. Charles Warring, of Angola.

S. W. WWass, a Pennsylvania conductor, was badly bruised this morning on the left side by being thrown against the corner of a table by the train starting.

PRISONER IS A MYSTERY.

Columbus, Ind., March 23.—Jabbering incoherently in a lingo not understood by several interpreters brought before him, a prisoner held in the county jail is a mystery to Sheriff Miller and county officials. The prisoner was found in an abandoned shack in Union township, where he frightened the residents by his strange actions.

WAYNE GOES TO EUROPEAN PLAN

Hotel is Preparing to Make the Change on April 1.

PUBLIC PREFERS IT

On April 1 the Wayne hotel will become an exclusively European plan house, and Manager W. D. Collins has preparations already under way for the change, which will be adopted exclusively for the big hotel on West Columbia street.

For some years the Wayne has been operated on the American plan, but the management believes the general traveling public prefers the European plan, and this conviction has led to the determination for the change.

Under the new arrangement the main dining room will serve club breakfasts from 6 to 9:30 o'clock each morning, business men's lunch from 11:30 to 2 o'clock and in the evening the service will be exclusively a la carte. In addition a cafe, open at all hours, will be maintained.

AMERICANS SHOT BY MEXICAN FEDERALS

[Continued from Page One.]

as breast works in case of attack, special attention being given the municipal buildings on the plaza which now afford ample protection against anything except artillery fire.

Lookouts posted on the tower of the old mission constantly watch the mountains to the south and west for signs of the approach of the insurrectos.

Non-combatants, however, will be fairly well sheltered in the adobe houses of the town in case of attack. The thick adobe walls are proof against rifle fire, but offer little protection against field guns.

Gen. Navarro sent out troops of cavalry today to intercept a band of insurrectos reported to be crossing the river from the American side a few miles east of here.

DIAZ MUST STEP DOWN.

New Orleans, La., March 23.—President Diaz must step down before peace can come to Mexico."

This is the declaration of Captain Sherbourne J. Hopkins, of Washington, attorney for the Madero insurrectionists, who sailed from New Orleans late yesterday for Guatemala City for a consultation with President Cabrerra on matters concerning that government.

Captain Hopkins emphatically denied the report, which he said emanated from Mexican official circles in Washington, that American interests are financing the Mexican revolution.

"The Madero family alone is furnishing the money for the revolution," he said. "Hundreds of thousands have been expended by Gustavo Madero and his brother, Francisco I. Madero, already, and they stand ready to impoverish themselves t obring about the fall of the Diaz ring in Mexico. They were wis eenough to transfer their immense fortune to foreign corporations before they embarked in the revolution.

"There is no question of the disruption of the Mexican government. Diaz has no power and his boasted army could hardly cope with a Central American force.

"Counting his forces, he has not 16,000 men that he can depend upon. The army is honeycombed with sedition and there is no such thing as a volunteer force upon which he can call. He does not dare place arms into the hands of the common people, because he knows how hostile they are to him and his ministry. They do not like Limantour any more than Diaz and it will be impossible for the minister of finance to try to bring about peace."

MAY BE TOO MUCH ZEAL.

Washington, March 23.—The reported attack upon United States soldiers at Presidio by Mexican troops, because the former stopped the exportation of provisions to Mexico, has raised the question in the minds of officials here as to the possibility of the American authorities having exceeded their authority in enforcing the neutrality laws. The state department holds that the shipment of provisions and even arms and ammunition, traveling the ordinary process of commerce, is perfectly legitimate.

The other departments of the government interested in the enforcement of the neutrality laws—treasury, justice and war—have been advised of the state department's views in the matter. All these administration officers, it is said, in official quarters, are in harmony as to interpretation of national and international law on the subject. No word has yet reached the state or war department in regard to the reported firing upon American troops along the border.

Additional Markets

STOCKS AND BONDS.

The Day on Wall Street.

New York, March 23.—The trend of price was upward in the opening sales on the stock market today, although gains for the most part were confined to small fractions, and the market was dull. Canadian Pacific topped its previous high record price, selling at 219¾ as compared with 219¾, yesterday's best figure. St. Paul advanced ⅜ and Norfolk & Western, Atchison, Great Northern Ore Certificates, Great Northern preferred and Consolidated Gas ¾.

The market failed to hold its initial improvement long, an attack on Missouri Pacific, which sent it down to 50½c, weakening the whole list. When Missouri Pacific rebounded afterward to 51⅝, other stocks also hardened a trifle, but the market became stagnant at the higher level. Canadian Pacific sold at 220¼, the highest price in its history. American Sugar lost 1⅛.

Trading throughout the morning was perfunctory, with little effort on the part of the either long or short interests to sway the market. After a slight movement either way, stocks settled down to a level which showed little change from yesterday's close. Irregularity of Missouri Pacific furnished about the only movement on which traders could make a profitable turn and when this stock became almost lifeless in common with other leaders, speculation came practically to a standstill. Atlantic Coast Line advanced 1½. Norfolk & Western declined a point and Toledo, St. Louis & Western 1⅝. Bonds were steady.

Small selling orders were executed in the Hill stocks and Amalgamated Copper and they went off a fraction. The general run of active stocks, however, was virtually unchanged.

With transactions on a basis of only about 15,000 shares an hour during the afternoon, traders found but little opportunity to scalp profits, and the market was accordingly on a dead level most of the time. Comparative prices showed only trifling changes as a rule either way from yesterday's close.

Gillespie, Ill., March 23.—The detachment of ten companies of the Illinois national guard which were sent to Benld Tuesday after the miners had paraded through here, broke camp today and returned to their homes. The miners have not reached any decision as to returning to work in the three mines of the Superior company. They object to the working conditions.

SUFFRAGE BILL PASSES.

Springfield, Ill., March 23.—The woman suffrage bill was passed by the Illinois senate with the referendum amendment by a vote of 31 to 10.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

NEWS OF FORT WAYNE'S NEIGHBORS

OWNER IS RUN DOWN BY HIS EMPTY CAR

Another Version of "He Didn't Know It Was Loaded"—Victim in Serious Condition.

Huntington, Ind., March 23.—Because he did not know that his automobile was in gear, Wallace Fairfield, of Rock Creek township, was run over by the big machine and badly injured, after cranking the engine preparatory to leaving for this city. The machine was brought to a stop when it crashed into one side of the barn. Mr. Fairfield had come in from a trip the day before and unthinkingly left his car in gear. At the first turn of the engine Wednesday morning the machine started moving and before Mr. Fairfield could get out of the way, the car knocked him down and the rear wheels passed over his chest. He was dazed for several minutes but recovered sufficiently after that time to walk to the house. A surgeon was summoned and an examination disclosed the fact that one rib was fractured with a possibility of internal injuries. Mr. Fairfield from last reports was in a serious condition.

He has suffered several hemorrhages and this strengthens the attending physician's opinion that internal injuries resulted from the accident. It is impossible to determine whether or not such is the case at the present time on account of his condition. The automobile owned by Mr. Fairfield is a Rambler of the four cylinder type.

MILLS UNDER NEW NAME.

Wayne Paper Mills Incorporated and Changed to Blackford Mills.

Hartford City, Ind., March 23.—The Wayne paper mills will hereafter be known as the Blackford paper mills, according to the new articles of incorporation filed this week with the secretary of state.

The capital stock is $265,000 and the directors are H. C. Paul, H. J. Miller, Louis Fox, Max Fisher and P. J. Griffin. The notice of the change in the style of the name has not been received at the mill office in this city.

The mill has been manufacturing heavy jute wrapping paper, and much of its product goes into the manufacture of products of an allied company at Fort Wayne. There will be no change in the line of its products.

Dr. George Studer, who has been seriously ill and confined at the Lutheran hospital, is reported to be considerably improved and gaining strength every day.

WIFE LEAVES WITH HUSBAND'S MONEY

Accumulations of a Life Time Vanish When Fickle Spouse Takes Train for California.

Hartford City, Ind., March 23.—Driven to desperation by the desertion of his wife, W. F. Rinard, of Marion, the former Blackford county farmer, is at a loss to know what course to pursue in order to induce Mrs. Rinard to return home, redeposit the $3,100 she withdrew from the First National bank in this city and resume the marital ties that bound the couple for two decades and more. There has been no attempt to apprehend Mrs. Rinard, as there seems to be no statute under which a charge could be brought.

The deserted husband has consulted attorneys and officials in regard to his rather peculiar case, but has found no balm in Gilead. The money, totaling over $3,100, seems to be gone, and so far as known Mrs. Rinard has no intention of returning home.

Mr. Rinard has a property in South Marion, worth about $1,700. That, with the household furniture is all that is left him of his life-time accumulation.

It has been definitely ascertained that Mrs. Rinard actually drew the $3,100 from the Hartford City bank and that the funds are not now on deposit. The money had been placed in the name of Mrs. Rinard and although her husband placed it there, the law will uphold the wife in obtaining possession of the small fortune and consequently there can be no legal recourse. Mrs. Rinard purchased a through ticket over the Clover Leaf for Los Angeles, Cal., and according to schedule she should arrive there not later than Wednesday evening, as she left Marion Saturday on the Commercial Traveler.

DENTISTS ARE "E Z MARKS."

Gold Plate Stolen from Dentist's Office—Previous Robberies.

Warsaw, Ind., March 23.—For the sixth time within little over a year a Warsaw dentist has been robbed of gold and as yet no indication of the identity of the guilty party has been discovered. The latest victim was Dr. R. N. Luse, who had between $12 and $15 worth of gold plate stolen from his office. The theft was discovered when Dr. Luse looked for his reserve stock of gold plate and found that every piece had been taken. Nothing else in the office had been disturbed and the dentist was unable to tell just when the robbery had taken place, as he had not had occasion to inspect the drawer where he kept his stock of gold for several days. About a year ago the dental office of Dr. Eggleston was robbed, during the noon hour, a valuable watch being taken, besides a quantity of leaf gold. Dr. J. R. White was relieved of two gold crowns about the same time and a little later a thief took a quantity of gold from the office of Dr. Duncan. Twice within the past five months Dr. A. R. Church has been robbed of gold plate and in none of the six robberies has the thief been apprehended or the goods recovered.

DAUGHTERS OF REBEKAH MEET.

Fully 200 Visitors Entertained by Wabash Lodge.

Wabash, Ind., March 23.—Fully 200 Daughters of Rebekah, representing lodges in Marion, Peru and Roann, were guests of Wabash lodge, No. 304, Tuesday evening, and a most delightful time was enjoyed by those affiliated with the local organization and their guests.

Over 100 members of the Marion lodge came to Wabash in a special car over the I. U. T., reaching here about 6 o'clock. About the same hour a special car arrived from Peru, bringing in about seventy-five. Hardly had the two delegations reached the lodge rooms when a wagon filled with Roann members pulled in in front of the hall.

An hour after the arrival of the visitors a tempting supper was served by the members of the First United Brethren church. Supper was followed by several excellent speeches and a brief social session. Then came the initiation of several candidates, the work being done by the Marion team. After the initiatory work was over the guests departed.

DECATUR MAN GETS CONTRACT.

Decatur, Ind., March 23.—A large contract has been secured by John Bolinger, at Portland, for the erection of a four story fireproof building for the use of J. A. Long, who is engaged in the packing and produce line. The main building will be 60x100 feet, with four twelve-foot stories. On a lot adjourning this Mr. Bolinger will build a brick dwelling and a brick barn, also the latest fireproof consruction.

PERU SEES HAREM SKIRT.

Peru, Ind., March 23.—The harem skirt appeared in Peru yesterday and as the young woman wearing the garment paraded down Broadway she was followed by a large and demonstrative throng of men and boys. The young woman who hade the exhibition represented a New York ladies' outfitting house and the stunt was in the nature of an advertisement.

KOKOMO REMAINS DRY.

Kokomo, Ind., March 23.—The Howard county commissioners, in their meeting yesterday, decided that the city should remain saloonless. By proof it was shown that there were enough illegal wet votes cast in the recent option election to overbalance the wet majority of 44, therefore the commissioners voted 2 to 1 in favor of the dry forces.

Freckle-Face

New Remedy That Removes Freckles or Costs Nothing.

Here's a chance, Miss Freckle-Face, to try a new remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles, while if it does give you a clear complexion, the expense is trifling.

Simply get an ounce of othine—double strength, from Meyer Bros. Co. and one night's treatment will show you how easy it is to rid yourself forever of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask Meyer Bros. Co. for the double strength othine as this is the only prescription sold under guarantee of money back if it fails to remove freckles. —Meyer Bros. Co., Four Drug Stores.

BELIEVES PRAYER CURED.

Anderson Woman Afflicted With Locomotor Ataxia. Rid of Disease.

Anderson, Ind., March 23.—What he firmly believes to be a proof of the efficacy of prayer was the sudden cure of his wife of locomotor ataxia, according to letters received here by old neighbors from W. W. Tower, who two months ago emigrated to South Dakota for the benefit of Mrs. Tower's health. Mrs. Tower had been a helpless invalid for several years, and her husband wheeled her about this city in an invalid chair. The couple were familiar figures on the streets for many years, as Mr. Tower wheeled his wife through the main streets every day the weather would permit.

Two months ago, at the request of his wife, Mr. Tower moved to a small town near Pierre, S. D., where they had relatives. According to the letter received here Mrs. Tower suffered a relapse, and at the moment her husband thought her dying he kneeled by her bedside to pray that his wife be restored to her former health.

When he had finished, according to the letter, he rose to his feet and Mrs. Tower rose from her bed, healed, and walked about the room, which she had not been able to do for many years. Before leaving Anderson both Mr. and Mrs. Tower were devoted members of the Noble street Methodist church.

SUMMER IN EUROPE.

Several Huntington People Will Visit Old Country.

Huntington, Ind., March 23.—Huntington will be represented abroad the coming tourist season by possibly a larger number of folk than usual. Some have completed their plans, while others still have them under contemplation. Among the number leaving this country in June will be Mrs. A. Reichenbach and Miss Lucie Reichenbach, who will spend most of the summer in Paris and other points in France, the prime purpose of the trip being to give Miss Reichenbach opportunity to take advanced study in French. She is now teaching that language at a college in Virginia and expects to return there to continue her work immediately on her return from abroad. She will therefore not be at her home in Huntington until the next Christmas vacation.

Others who have arranged for a trip abroad are Miss Dilla K. Stults and Miss Dessie Moore, teachers at the William street school. They will tour Italy and other lands on the continent and visit England. Their trip will require most of their summer vacation.

TRACTION PARK FOR PERU.

Peru, Ind., March 23.—The Winona Traction company is making arrangements for establishing a public park a few miles north of this city, probably along the banks of Eel river. Officials of the company have been negotiating for a small tract of land and, providing proper terms can be decided upon, the company will obtain the ground and establish a summer resort, furnishing such amusements as theatrical entertainments, dancing and boating.

HONOR STUDENTS CHOSEN.

Columbia City, Ind., March 23.—The honor pupils for the class day exercises of the Columbia City schools to be held some time before the commencement exercises this year have been selected, they being Misses Ilene Knisly and Lelia Briggs and Mr. Harold Strouse, the year's work disclosing that they have the highest grades and are entitled to the honor. These students will take a principal part in that day's exercises, the program for which is to be announced later.

AGED POLICEMAN RESIGNS.

Kendallville, Ind., March 23.—Barney Kollman, the aged man who for many years has acted in the capacity of night policeman for this city, has resigned. His official resignation was presented to the council Tuesday evening, but action on its acceptance or rejection was deferred until this evening, when the council will meet in adjourned session.

MR. JOHN H. CAMPBELL, OF RICHMOND,

writes letter which may be of great interest to Skin Sufferers of this city.

Richmond, Ind.

I have been cured of one of the severest and most obstinate cases of eczema that mortal could possibly be afflicted with. My case dates back ten months ago. My hand has swollen to twice its normal size and the itching, burning sensation was almost unendurable. My finger nails came off. I could not sleep and had no appetite. Could not feed or dress myself. A number of persons who saw my hand shook their heads and said I had blood poison.

I was seriously alarmed and thought of going to the hospital. In looking over my evening paper I was fortunate enough to note the D. D. D. ad. I went at once to my druggist. He was amazed and told me I had one of the worst cases of eczema he had ever looked at. But he told me he knew of some bad cases that had been cured and entirely cured by the D. D. D. eczema remedy. After the first two or three applications of D. D. D. I found to my utter and very agreeable surprise a marked improvement. After using the third small bottle my hand, wrist and arm had a clean new soft skin almost without scar or blemish.

Any afflicted as I was and so miraculously cured, may address me and learn more of this wonderful remedy. D. D. D., and what it did for me.

JOHN H. CAMPBELL.

Ex-Soldier of the Civil War. 1534 Main street.

So many convincing statements, similar to the above, have been made to us privately by sufferers from aggravated skin diseases to whom we have sold the D. D. D. Prescription, that we feel bound to give it our unqualified endorsement.

WILL NOT BE INSULTED.

United States Senator Owen was invited to Springfield to address the Illinois legislature upon the subject of the referendum. He was barred from the hall of representatives, where it originally was purposed he should speak, because certain very sensitive gentlemen considered it would be an insult to themselves as members of the Illinois legislature to extend the courtesies of the rostrum to Senator Owen. The Oklahoma statesman, will be remembered as having been one of the strongest opponents of the white-washing job that made Senator Lorimer from the outside look fit for a seat in the greatest deliberative body in the world. Mr. Owen, it appears, in the course of voluminous speeches in the senate of the United States made allusions that were both personal and pointed as touching the character and conduct of gentlemen of the Illinois assembly who had supported William Lorimer. Honorable Lee O'Neill Browne, the alleged chief of the democratic adherents of the Lorimerites, is among those whose supersensitive souls were put in revolt against the appearance of courtesy to Senator Owen. Mr. Browne felt that he would be insulted and might with others be provoked to great lengths if the Oklahoma man came among them and addressed them in their seats. Senator Owen did not address the Illinois assembly in its chambers. Perhaps if Theodore Roosevelt, Elihu Root, Albert J. Beveridge and many others of the most eminent men in the nation were to attempt to address Lee O'Neill Browne and other members of the Illinois legislature in their seats there would be another protest. Indeed, there would be.

By decision of the Howard county board of commissioners the city of Kokomo will remain "dry" unless there be found some way by which courts can set aside the board's finding and mandate it to issue licenses to applicants seeking to engage in the saloon business. Kokomo was one of the first cities to hold an election under the new Proctor law. It reversed itself on the face of the returns and went "wet" by a few votes. Contest before the board of commissioners brought a decision that the election was illegal and invalid and that no authority existed for granting a license to sell liquor in the city of Kokomo. The ground on which the ruling was made is that enough illegal ballots were cast in the election to invalidate the result. Contest will be made, of course, and a way may be found to compel the commissioners to accept the face of the returns and upon that authority grant license. Meanwhile, the commissioners are standing pat and will not issue any saloon permits until there shall come an order of court which gives no alternative. Kokomo's apparent thirst now appears to be a matter of doubt.

The poor old Texas has been shot full of holes and sunk just where she was stricken. This is more important as indicating that in a few years some of the Dreadnaught prides of our glorious navy, constructed and equipped at a cost of from ten to twelve million dollars per bottom, will be just as fine and otherwise useless targets, for then more modern types of floating fighters will have displaced the Arkansas and Utah and other largest and most modern types of this day. Thirteen years ago in the war with Spain the Indiana, the Iowa, the Massachusetts and the Oregon were the highest types of battleship we had. Today they are out of commission except for school cruising. So it goes and the going costs a lot and will cost more as battleships become larger, their equipment more complicated, their armor thicker and their armament heavier. And a fifteen-million dollar warship of today can doubtless go to seed as rapidly as one of the four or five-million dollar kind of a dozen years ago.

Mister Diaz is going to stick and Mister Colorado Maduro, or whatever his name is, and his revolutionary followers are going to keep on fighting and the war with Mexico will go on and recruits and contraband will compel the border to be watched and the United States will have to watch it and there may have to be intervention after awhile. If that should come, it is a pretty easy forecast to make that the absolutism of General Diaz will be extinguished not to rise again. It will be easier to make compromises with the discontented elements now than hereafter. Today he can gain credit for magnanimity and generosity; next month he may be deposed as a tyrant.

The packers of the packing trust are informed the old immunity bath cannot keep them cleaned forever and they will have to come to trial on the indictments found by a federal grand jury. Possibly there will be found a way by which this precious combination for the amelioration of the woes of humanity and the lightening of the burdens of the poor will be able to escape an accounting in court for its share in the high cost of living, and if there can, then the anti-trust laws have some very weak spots. As between the beef combine and the Standard Oil trust there is a deal to choose. The oil monopoly may be the more complete of the two, but bad as it is known to be and worse as it is suspected to be, it never has practiced the extortion the beef barons have long made the rule.

Already there is much approving comment in the democratic newspapers of Indiana upon the proposed candidacy of Hon. Samuel M. Ralston for the democratic gubernatorial nomination. Three years ago Mr. Ralston was the leading candidate in the first two or three ballots, but the strength of the Marshall candidacy was such as prevented the leader from adding at that time to his votes and he withdrew. That withdrawal made Governor Marshall's nomination assured. Mr. Ralston will be a candidate a year hence and he will doubtless find many friends in the northern art of the state. He is one of the ablest democrats in the state.

All the accounts agree on the point that the Camorrist trial in Italy shows an Italian court to be a lot livelier than an American tribunal. The proceedings at Viterbo are to the last degree diverting and on occasions not infrequent become exciting, sensational and dramatic. The prisoners in the cage interrupt the progress of the trial to quarrel with the prosecutors and indulge in theatric protestations of innocence, which they do in solo and in concert.

The harem skirts that have invaded the west are the salaried advance agents of the fashion. It may be considered a doubtful fashion that has to make its way to favor by such means. Of course if the makers can ever start a furor and get the ladies to wearing 'em there'll be *millions* in it. But if the style ever becomes extreme, as it very well may—but that will be enough to worry about when it comes.

Out in California the colonel has repeated some of the things he said last fall about Senator Lorimer when he refused to sit at the same table with the eminent statesman of the Sucker state. But Illinois has got so she doesn't care what anybody says about her.

Immunity bath, it appears, was good only for the dirt that was on, and wouldn't, and couldn't be expected to, keep dirt off of fellows deliberately and stubbornly bent on getting mussed up again.

It is March, which explains all the weather we are having and will have for a week or so.

A NOVEL CONTRAST.

(Pittsburg Dispatch.)

A very interesting indication of the bondage of American legal practice to formalities and the freedom which England has established for itself is presented by the Journal of Criminal Law and Criminology. It is in comparing an indictment for murder as actually drawn in a western state with an English indictment for the same offense.

The difference is radical. The American indictment contains nearly nine times as many words as the English. In the American indictment there are nine repetitions of the names of the slayer and his victim; four of the words "in and upon;" five of the words "then and there;" five of the phrase "unlawfully, purposely, and with premeditated malice," and twenty-five of the words "and" and "aforesaid." In the English indictment there is not a single repetition. But they convict murderers rather more successfully in England than in the United States.

The contrast is the more remarkable in its contradiction of a general estimate of the characteristics of the two nations. We are supposed to be the more progressive people, and England the one that is disposed to cling most stubbornly to set forms and customs. Yet our legal forms are drawn from the same ancestry as the English, namely, the English practice of the eighteenth and seventeenth centuries. But we have the fact that while English law has in a great measure simplified and modernized its forms the United States is in most states burdened by the old and unnecessary verbiage.

Of course, the plenoasms of a criminal indictment are per se a matter of minor importance. But it is the quality behind the survival of that feature, namely, the tendency to make formalities more important than expeditious and effective justice that lends seriousness to this lagging of American law behind the progressiveness of the English.

ABUSIVE POLITICS.

(Pittsburg Dispatch.)

How much higher is the tone of political discussion in this country than in England s strikingly shown by a glance at the British reviews dealing with current topics. In a recent number of the National Review, a bitter tory organ, the speeches of the premier and his supporters are declared to "afford abundant confirmation of the accuracy of the statistics indicating the marked increase in lunacy in this country." After which gentle opening the editor gradually becomes abusive. He refers to the Canadian reciprocity agreement as "another of the government's characteristically dirty tricks, to which we may be assured Mr. Lewis Harcourt, who now disgraces the office of colonial secretary, was no stranger." There is repeated reference to "the unplumbed depths of ministerial infamy," to "the demagogues, decoys and dummies" and their policy of "snobbery, jobbery and robbery." The administration is accused of listening to "the counsels of the craven, who are as active on the back stars as they are shy of the footlights." In another place the writer despairs of ever ousting "the Asquith autocracy," asserting that "nothing but bayonets will dislodge the pirates who are running the country on the rocks." The premier personally is charged with cynical indifference to the welfare of his country," and, then warming to his work, the tory pamphleteer denounces the opposition for "mendacious scurrility," closing with a few curt references to this "squalid crowd" and these "vermin."

Yet there have been occasions when our tory friends across the sea have assumed to read Americans a lecture upon political methods and manners in this country.

PUT A LITTLE LOVE INTO LAW.

(Boston Post.)

Judge John B. Lindsey, the juvenile reformer of Denver, Colo., speaking befor the Harvard students, said that our whole jurisprudence in criminal matters has been based upon a recognition of the sacredness of property rights rather than the sacredness of the human rights.

Judge Lindsey said in part: "The young offender is in the ordinary court made to feel a great fear of the law, looking upon the policeman as his enemy and upon the court as a place leading to jail. The remarkable work that has been accomplished in the Denver juvenile court has been done through sympathy wisely directed and by carefully studying the conditions of the young offenders and not through following out the old principle of respecting property rights at any cost to the individual.

"In the majority of juvenile offenses the culprits are not really bad. They have loyalty, but the loyalty is misdirected because there is no director. They have energy, but it is likewise misdirected, and that misdirected energy we used to call crime.

"The jail will never solve the problem of crime; it must be solved by the home, church and school.

"We are merely putting, for the first time in the history of the world, a little love into the law."

AT THE MAJESTIC

"A Broken Idol" This Evening.

California, the land of orange blossoms, has been the subject of many stories, but never before has it been used for the background of a musical play, "A Broken Idol," the musical playlet which comes to the Majestic this evening. Opening in Los Angeles in the quaint Chinese quarter during the Chinese New Year's celebration, and from there to Santa Monica, Cal., it has given the scenic artist, costumer and electrician free scope for gorgeous display. A party of tourists are seeing Chinatown and during a frolic in a chop suey house one of them accidentally breaks a Chinese idol and they think they have killed a real Chinaman. From that time until the final curtain, complications and ludicrous situations follow in rapid succession. Gus Sohlke, who has been called the wizard of stagecraft, has put in many startling surprises, such as a silken dragon that turns into a bevy of dancing girls, animated rose vases which become bewitching show girls, and a fiery balloon that sails out over the heads of the audience. A capable cast of metropolitan favorites will be seen, including Nat Phillips, Perle Barti, E. R. Tilburn, Silence Tower, Glen L. Beveridge, Sydney Stone, Jack West and a chorus of forty including the famous "Chop Suey Dancing Girls." There are many song hits.

* * *

Viola Allen in "The White Sister."

"The White Sister," which comes to the Majestic on Tuesday evening with Viola Allen in the title role, accompanied by James O'Neill and the greatest supporting company ever organized including Minna Gale and Henry Stanford, is the only dramatic play within the memory of modern theatergoers which carries a musical director. The reason for carrying a high-salaried musical director with an offering of this sort is on account of the fact that considerable difficult music has been composed for the artistic enhancement of the production and a chorus of some twenty voices is used for its vocal interpretation. The seat sale opens Friday.

THE FIRST ROBIN'S SONG.

Be the winter what it may,
Long and cold or dark and dreary,
Springtime's never far away,
Bursting buds and bird song cheery.

Let the day bring what it will—
Gloom and sadness, pain or sorrow—
Still it might be gloomier still:
Let's just trust Him till tomorrow.

Wherefore double any trouble,
Which may come to us today,
With one borrowed from tomorrow?
Trust will drive them both away.

Keep up heart and keep on hoping,
You'll soon pass this Marah, too,
Maybe you can make it sweeter
For the next who passes through.

A COLD, LAGRIPPE, THEN PNEUMONIA

—o—

Is too often the fatal sequence. Foley's Honey and Tar expels the cold, checks the lagrippe, and prevents pneumonia. It is a prompt and reliable cough medicine that contains no narcotics. "Foley's Honey and Tar is the best cough remedy I ever used as it quickly stopped a severe cough that had long troubled me," says J. W. Kuhn, Princeton, Neb. Just so quickly and surely it acts in all cases of coughs, colds, lagrippe and lung trouble. It is as safe for your children as yourself, and should be used in all cases of croup, whooping cough and measles cough. Refuse substitutes. Dreier Drug Co.

WHY THEY DO IT.

Druggists Meyer Bros. Co. Give Reasons for Selling at Half-Price.

"It isn't often that we have faith enough in the medicines put up by other people to be willing to offer to refund the money if it does not cure," said a member of Meyer Bros. Co. to one of their many customers, "but we are glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that plan.

"The Dr. Howard Co. in order to get a quick introductory sale authorized us to sell the regular fifty-cent bottle of their specific for half-price, 25 cents, and although we have sold a lot of it, and guaranteed every package, not one has been brought back as unsatisfactory.

"We are still selling the specific at half-price, although we cannot tell how long we shall be able to do so. Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion or a general played out condition, ought to take advantage of this opportunity. If the specific does not cure them, they can come right back to our store, and we will cheerfully refund their money."

The Best Dish on Your Table

Van Camp's Spaghetti, whenever you serve it, will be the best dish on your table.

No matter how competent your cook may be she can't make a dish like this.

It's the same with us. Our chefs have been cooking for millions of tables for nearly fifty years.

They have pleased so many that people are spending ten million dollars per year to get their foods.

But they never made anything nearly so popular as this new dish—this wonderful dish of spaghetti.

There are 17 ingredients used in it, but the main ones are these:

Durum wheat spaghetti.
Herkimer County full cream cheese.
Best creamery butter.
The same expensive tomato sauce we use in Van Camp's Pork and Beans.

The recipe is secret. We can't reveal it to you. But we supply it to you ready cooked for less than you could make it.

All you have to do is to heat it.

You may have eaten spaghetti in Rome. You may have your own pet recipe. But you will agree with all the rest that this is the best of all.

Your grocer has it or can easily get it for you. Ask him to send a few cans.

Balance of Evangelistic Campaign Funds to Famine Sufferers.

The committee appointed by the Inter-Church Evangelistic council to make disposition of the balance left over after paying all bills in connection with the recent Chapman-Alexander evangelistic campaign in this city, has taken final action in the matter. It was decided to send the whole amount to the American Red Cross, as a donation from the Fort Wayne churches for the relief of famine sufferers in China. Rev. Earle Marion Todd, the secretary of the local council, said:

"Advices from China to the American Red Cross in New York are to the effect that conditions in the famine districts are still as bad as have been indicated by former reports, and are growing worse. It is predicted by the Red Cross that 2,500,000 Chinese will die for want of bread if assistance is not rendered immediately.

"It was felt by the committee that in these circumstances no better disposition of the balance in the fund could be made or one that would more surely meet with the approval of the contributors to the fund than the one referred to. In consequence of this action by the committee, a draft for $222.72 (two hundred and twenty-two dollars and seventy-two cents) has this day been forwarded to the treasurer of the American Red Cross at New York."

ONLY TWO MORE SUNDAYS

Then Our Methodist Pastors Will Off to Conference.

The Methodist pastors of the city are now directing their attention toward the rapidly approaching sessions of the Northern Indiana conference, which begins at Kokomo on April 4. This gives them only two more Sundays on the present conference. Then it is possible, but not probable, that some of them may not be returned to their present charges. The words "not probable" are inserted above because it seems to be pretty certain that all our city Methodist pastors will be reassigned to the pastorates they now fill. All of our Methodist churches have asked for the return of their present pastors.

Kokomo is making great preparations for the entertainment of their many guests, the pastors and the laymen who will attend. The sessions last five days and the entertaining of the great number of visitors who will be there is done at the homes of her residents. To Fort Wayne belongs the honor of having entertained the first assemblage of the North Indiana conference. This was in 1844. Bishop Waugh presided and Rev. MaMtthew Simpson, afterward of world wide fame, was the conference secretary. Afterward, in 1874, the sessions of the conference were again held in this city.

ANNIVERSARY SERVICES.

Famous Spiritualist Speaker Here on Sunday.

Anniversary services will be held Sunday afternoon and evening at the First Independent Spiritual church in the hall of the Knights of Pythias home. The speaker at both services will be Rev. Fred Dunakin, of Cecil, O., who is said to be one of the most wonderful bible lecturers in Ohio. His sermons have attracted wide attention. A musical program for both services has been arranged. The church hall will be decorated with cut and potted flowers and ferns. The services are always free.

ABLE WOMEN SPEAKERS

Coming for State Convention of King's Daughters

The state convention of the King's Daughters and Sons, which is to be held here next week, commencing Tuesday and continuing for three days, will bring to Fort Wayne some able women speakers and a large number of earnest Christian and philanthropic workers.

Among them will be Mrs. C. B. Whitney, of Detroit, who is a remarkable woman and famed as a speaker, and Mrs. Buchanan, who for sixteen years has been a missionary in Egypt. The state secretary, Miss Nellie Filbeck, of Terre Haute, is also an interesting speaker. The office she holds is the highest in the organization in the state. She will be the presiding officer of the convention. Other speakers will be Miss Clara Locke, of Terre Haute; Mrs. L. E. Hitz, of Madison; Mrs. Frank Wall, of Logansport, and Miss Blanche L. Maine, of Indianapolis.

The sessions of the convention will be held at the Wayne street M. E. church. Most of the delegates will arrive Tuesday. That evening a reception will be given them at the church and later the address of the evening will be made by Mrs. Whitney, of Detroit.

Conducting Mission.

Rev. George D. Heidmann, C. P. P. S., of Collegeville, who has been conducting a three days' mission at the Church of the Precious Blood, will close the mission this evening. Friday morning the forty hours' devotions will begin. The solemn closing is Sunday evening.

ROBBER SHOOTS CROOKED PAL.

Denver, Col., March 23.—Antonio C. Puro, said to be an Italian journalist, was shot and killed on a crowded street in the downtown district last night. Philippe Dropolia is under arrest charged with the murder. Dropolia attempted to escape after the shooting but was captured by the police. When arrested he is said to have declared Puro and he had carried out a successful diamond robbery in Vancouver, but that Puro had stolen his share of the jewels and had betrayed him to the police. Papers found on Puro's body indicate that he had been employed on several Italian newspapers throughout the country. Dropolia carried naturalization papers issued in Pinckneyville, Ill.

STATE DECLINES TO LET MOSS GO

Wife Says She Will Not Testify Against Her Husband.

FISHER GETS A FINE

"The state will not be monkeyed with in this way. Here are three cases where women have filed or caused to be filed affidavits for assault and battery and then they decline to come in and testify.

"It's getting to be a nuisance to our office and I shall insist that this matter go to trial. I shall ask a continuance until such time as I can get the witnesses in."

This is what Deputy Prosecutor Harry Hilgemann had to say in the city court today when Irene Moss said she would not testify against her husband, E. A. Moss, who was charged with having committed a vicious assault upon her several days ago.

The case was continued until next Tuesday and the bond reduced from $500 to $100. Mrs. Moss electrified the court officials and spectators by stopping on her way to the witness room and kissing her husband with a resounding smack and then she said she would decline to testify against him.

She was told to be in court next Tuesday morning and Judge Mungovan advised her that if she is not present on time the patrol wagon will be sent to convey her. Mrs. Mabel Hicks, who filed the affidavit is ill and not able to be present. Moss is the proprietor of the Central hotel and has been in jail since his arrest several days ago.

Fisher Draws a Fine.

Albert H. Fisher, the man caught after an exciting automobile chase and charged with vagrancy, was fined $15 and costs. He had been going from house to house asking for old furniture to mend and repair, getting advances where he could and bagging where there was no work offered him. He did none of the work he had contracted for and had $41 when he was arrested.

He said he had started from Wilkensburg, Pa., to Chicago to take charge of a restaurant and was working his way along but the fact that he had more than enough money when he started from home to have paid his railroad fare did not look good to the judge and he told him he was lucky not to have a more serious charge against him.

Wutzler Charged With Assault.

Paul Wutzler was arrested on an affidavit filed by Humane Officer Schlaudroff charging him with beating his wife. She said he has a habit of coming home drunk, licking the children cruelly with a strap and that he used it on her and on this information the charge was filed. She was not in court and the case went over until tomorrow morning.

The Other Cases.

Elmer Grande, who got drunk on his way from Cincinnati to Kalamazoo and missed his train, was let go.

Jesse Bayman was fined $1 and costs and William Ryan $5 and costs for drunkenness.

THOROUGHBREDS FOR ARMY.

Six Horses Purchased for War Department Exhibit at Big Show.

Washington, March 23.—Six thoroughbreds bought at Warrenton, Va., yesterday were brought to Fort Myer, near this city, today, where they will be put in training for the great international horse show to be held at the Olympia, London, in June, as the entries of the war department. Five more mounts are to be purchased for the use of army officers in that exhibition. For the six horses $10,500 was paid.

Col. Charles J. Trent was the senior of a party of officers who went to Warrenton to look over the offerings and make the selections.

The top priced animals were Timberlost, bought of Mrs. G. R. Tompkins; Justice, bought of Dr. Sowers, and another bought of Rodger Bailey. Two thousand dollars each was paid for these.

GETTING TO BE A BIG INDUSTRY

Fertilizer Works Shipping Out Trainload Every Three Days.

AT PRAIRIE SWITCH

Located at Prairie Switch, along the Wabash railroad, eight miles southwest of the city, is a Fort Wayne industry that is getting to be of big proportions—shipping out an average of a trainload of its product every three days.

This is the plant of the Bash Fertilizer company, and one recent day's performance was the loading and shipment of nine cars of the stimulant to land fertility. Regularly a train of from nine to fifteen cars of the product rolls away from Prairie Switch to be distributed over pretty nearly all parts of Indiana.

The business was originally established in the eastern part of Fort Wayne, but a few years ago Charles S. Bash, the head of the concern, removed it to Prairie Switch, and the industry has grown at a very rapid rate during the past two years. Much of the output is distributed by the Wabash to other lines of railroad in Fort Wayne for distribution.

ALLEGED WRECKER IS DEAD

Former Pal of Vince Altman Arrested for Shooting Him.

Chicago, March 23.—Vincent Altman, who was reputed to be at the head of union labor "wrecking crews" in this city and who was shot yesterday by a companion while drinking at the bar of one of the principal hotels here, died this afternoon. The slayer escaped from the hotel, but the news of Altman's death was followed almost immediately by announcement that a man suspected of doing the killing had been arrested by the police today.

The name of the prisoner is Morris Enright. He admitted having known Altman for a long time, but denied ever having had any trouble with him.

It had been planned to take Enright to the county hospital and confront him with Altman. Before this could be accomplished, however, word came that Altman was dead.

NEW AVIATION RECORD.

French Birdman Carries Eleven Passengers in Monoplane.

Douai, France, March 23.—Aviator Louis Breguet made a record performance today when he carried eleven passengers in his monoplane a distance of two miles.

The flight was made at a height varying from 50 to 75 feet. The total weight of the twelve persons was 1,315 pounds and the combined weight of the machine and its occupants was 2,602 pounds.

The best previous performance of the kind was made by M. Le Martin, who, on February 2, took up seven passengers on a five minute trip.

STATE MARRIAGE BUREAU.

That is Purpose of a Bill in the Wisconsin Legislature.

Madison, Wis., March 23.—A bill to tax five dollars annually every unmarried woman over 25 years old and to create a "matrimonial commission," consisting of the governor, superintendent of public property and chief clerk of the assembly, was introduced in the assembly today by Assemblyman Hansen, of Manitowoc. The matrimonial commission is charged with bringing together kindred souls, when application is made for an affinity by any maiden.

RUBBER PLANT DESTROYED.

Lawrenceville, Ill., March 23.—Fire destroyed the plant of the American Asphaltum and Rubber company here today, causing a loss estimated at $35,000. Steam from the fire fighting apparatus of the $2,000,000 refining company's plant here was used to fight the flames. The boiling over of a kettle, in which the composition is cooked, probably caused the fire.

NEW REGULATION FOR THE CUSTOMS

Secretary of Treasury is Trying to Get Satisfactory System.

TO SPARE TRAVELERS

Washington, March 23.—Secretary MacVeagh has approved a new customs ruling which the treasury department expects will do much to reduce the troubles of returning tourists from Europe and minimize attempts to smuggle personal belongings into the port of New York.

Under the law each American returning from abroad is entitled to bring in free $100 worth of personal belongings. The customs rulings hitherto have been susceptible to elastic interpretation and many troubles have arisen. The new ruling makes specific announcement of what articles returning Americans may bring in free to the value of $100 as follows:

Clothing, toilet articles, jewelry, personal ornament, cameras, fishing tackle, golf sticks, guns, musical instruments, steamer rugs, toys, shawls, valises and trunks.

These things will be considered dutiable: Household goods, books, pictures, tableware, table and bed linen and similar articles unless used by the owner a year abroad. Goods in the piece will have to pay duty, as will presents for other persons or articles of any nature for sale.

Of so-called expatriated Americans, proof will be required that they have abandoned their homes in the United States and taken bona fide residences abroad. No citizens of the United States may bring in personal effects for their own use, comfort or convenience or articles of adornment without limit of value, under the usual regulations.

CONSERVATIVES ARE DISTURBED

Prussian Government Must Explain Alsace-Lorraine Constitution.

Berlin, March 23.—The conservatives in the diet announce their intention to demand that the Prussian government give the reasons which led it to consent to the proposed constitution for Alsace-Lorraine.

Herr Heydebrand voicing the party's viewpoint, declared today that the question of the constitutional position of Alsace-Lorraine was of the greatest importance to the security of the empire and mistakes made in connection with her eventually must be corrected by Prussian blood. Prusila's self-denial in weakening her own influence in the federal council was not to be commended, he declared, and added that in political life Prussia's power was not founded on self denial but on order, a strong army and the monarchy.

ACCOUNTANTS AT WORK.

Shortage in Evansville Bank Will Considerably Exceed $35,000.

Evansville, Ind., March 23.—With private examiners still at work on the books of John W. Blauth, bookkeeper of the evansville Trust and Savings company, it is improbable that the exact amount of the alleged shortage in accounts will be taken before late today, when the examination is expected to be concluded. It was stated at the bank that it might reach several thousand in excess of $35,000.

Blauth is still at liberty although he is accompanied on the street by a private detective. No move toward his arrest has been made and the bank seems indifferent, declaring that it will depend on the surety company issuing Blauth's $25,000 bond.

FINALLY GET THAD TALCOTT.

Wealthy South Bend Police Dodger Arrested in Toledo.

South Bend, Ind., March 23.—Thad M. Talcott, sr., wealthy retired merchant, after eluding the officers for more than a year and leading them in a chase over three states, was arrested in Toledo, Ohio, and brought here today to face a charge of perjury in connection with divorce proceedings here several years ago.

Talcott also faces a judgment of $145,000 alimony, awarded his former wife, Mrs. Mary M. Talcott, only a part of which has been paid.

ARBITRATION SUNDAY.

New York, March 23.—The federal council of the Churches of Christ in America has addressed a message to the large number of church of various denominations in this organization asking them to observe Sunday, April 2, as arbitration Sunday. This action is in harmony with similar action taken by the national council of churches in England.

March and April is time for filing Mortgage Exemptions with the county auditor.

REPAIRS NORTHERN FENCES.

Chairman Lee Visits Laporte in Interest of Marshalship Candidacy.

Laporte, Ind., March 23.—Edwin M. Lee, chairman of the republican state central committee, was a Laporte visitor yesterday and for several hours was closeted with District Chairman Hickey. Mr. LeLe did not deny that he was actively seeking the United States marshalship or that he was hopeful of appointment. Chairman Hickey is credited with having considerable influence with Representative Crumpacker, and it may develop in Tenth district republicans getting behind Mr. Lee's candidacy with considerable force. Chairman Lee left Laporte for Michigan City and will visit South Bend, Elkhart and other northern Indiana points before returning to Indianapolis. "We are getting our organization in shape for the 1912 campaign," said Mr. Lee, when pressed to make a statement having a political tinge.

FUNERAL OF MRS. FISHER.

Wife of Former President of Hanover College is Buried.

Hanover, Ind., March 23.—The funeral of Mrs. Amanda Fisher, mother of Walter L. Fisher, recently appointed secretary of the interior to succeed Richard A. Ballinger, who died at Washington will be held here tomorrow afternoon. Her husband, Dr. D. W. Fisher, was president of Hanover college a number of years, and out of respect the college will close tomorrow and the students will attend the funeral in a body.

Brief funeral services were held in Washington this morning after which the Fisher family, accompanied by the corpse, started for Hanover, the old home.

New Discovery In Hair Remover

What Science Has Long Been Working For, Now An Accomplished Fact.

The common objection to all hair removers hertofore has been that they either merely burn off the surface hair, injure and irritate the skin, or cause pimples and eruptions to appear where the remover has been applied.

After Using Other Hair Removers.

After Using The Wonderful Elec-tro-la.

The electric needle for removing hair has also been condemned because of its expense, the pain it produces, and the long time it requires to kill all hairs.

The problem has been solved by what is conceded to be a remarkable discovery, known as Elec-tro-la.

This preparation does more than merely kill the surface hair. It goes to the very hair roots, and thus the hair can never return.

Instead of burning, reddening and irritating the skin, it leaves the latter in fact in fresher, softer and better condition than ever before.

Furthermore, it never shows where it has been applied, and it works in a few moments. It removes the lightest fuzz or the heaviest and most bristly growth with equal ease. A trial of Elec-tro-la will convince any woman that it excels anything ever known before, without exception.

The regular price is $1.00 a bottle. Your money refunded if you are not satisfied.

Just send coupon below, with name and address, together with 2c stamp to pay for postage, for a free trial package of Elec-tro-la to prove what it will do.

SOCIETY

A social affair of this afternoon was a thimble party at the home of Mrs. John G. Lewis, of Fulton street. Mrs. Lewis was assisted by a number of ladies, who were Mesdames Henderson, McMaken, Hillman and Potthoff and Miss Jay. The guests were all ladies of the Wayne street M. E. church. The time was devoted to making shirt waists. Mrs. C. C. Travis presided at the punch bowl, where the guests could have a refreshing drink from time to time if visiting and sewing made them thirsty. Later in the afternoon refreshments were served by the members of the committee. The rooms were decorated with potted plants.

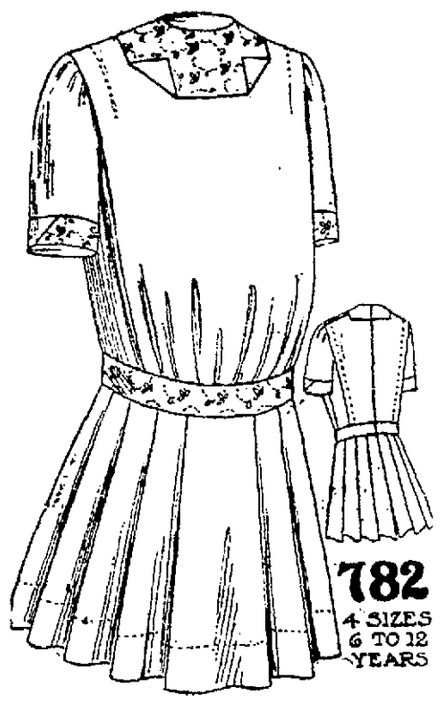
FINE COMPANY IN "MADAME X."

Great Emotional Melodrama Witnessed by Two Large Audiences.

An excellent company produced the famous French melodrama "Madame X," at the Majestic theater yesterday, at both matinee and evening performances. The production under the management of Henry W. Savage proved to be a beautiful one, with all the attention to fine detail and beauty expected. So much has been written about the play itself that it needs no further comment. It is an intensely sad play, but there is nothing irrational or hysterical in the emotion portrayed. The combination of circumstances in the story conduce to the tears the play draws from the eyes of all who witness it. Such is the power of the story that its pity and pathos would be absorbing if the play was merely read. Acted with the sane, yet effective perception of tense emotional feeling displayed by Miss Mabel Montgomery, as Madame X, and John Davidson, as her son, Raymond Florlot, combined with the rarely interesting and picturesque scene in the French court, the play was one to be well and long remembered.

SMART DRESSES FOR GIRLS.

BY MRS. JANE FORD.



The wardrobes of the younger members of the family must be attended to with as much thought as those of their elders. This season, bordered materials and flouncing are even more popular for their dresses than they are for grown-ups, because the twenty-seven inch widths are inexpensive and work up nicely without waste. Children are very fond of this style of trimming, and since it is simple and inexpensive there is no reason why it should not be used. The frock pictured is one that can be pleasingly carried out in this style, or in plain goods with bands of insertion as a finish.

The first warm day girls will begin to want these dresses, so it is not a bit too early to plan their making. A visit to the shops and one will see innumerable weaves of dainty cotton and linen, so that even the most fastidious cannot fail to find something that will suit, and at prices that will be interesting.

For a dressy frock there is nothing prettier shown this season than the plaid and striped cotton voiles. They come in all the lovely pastel shades and do not require a special slip for wear under them, which is much in their favor. Then there are the ginghams and chambrays, which one never tires of, and the wearing qualities of which are too well known for it to be necessary to dwell upon them. Figured percales and piques are extremely stylish for morning frocks, and do not require trimming other than a band of Hamburg embroidery or Turkish crochet lace.

In spite of the fact that guimpe frocks are not new, they are quite as popular as ever. It seems as if there was nothing that could quite take their place whether the dress is of wool or tub material. For the guimpes there comes a new weave of cotton voile in lace effect that is very pretty. It can be had for seventy-five cents a yard, and since the new guimpes are cut with the body and sleeves in one, they are very easy to make and require only a small quantity of material. They are made with either long or short sleeves and have the neck cut round. If this dress is developed from bordered material, it will be pretty to trim the guimpe, if one is worn, with the border, but otherwise a narrow edging of Valenciennes or Cluny lace at the neck and sleeves is all that is necessary as a finish.

This style dress is suitable for girls from six to twelve years of age, and to make the eight-year size it requires three and one-half yards of goods twenty-seven inches wide or two and five-eighths yards thirty-six inches wide.

RUSSIAN SYMPHONY ORCHESTRA

There was a good sale of seats this morning at the Majestic theater for the Russian Symphony concert which appears here under the auspices of the Morning Musical society on March 27 with Modest Altschuler conducting. One of the really great dramatic sopranos of the day will be heard at that time. She is Mme. Nina Dimitrieff, a distinguished Russian singer. Mme. Dimitrieff recently gave a song recital in New York that proved a triumph for her. The critics of the daily newspapers and the public agreed that no soprano has been heard in this country in years possessing such charm of manner, beauty of voice and artistic interpretative abilities. Her programs are widely varied and make the severest possible demands on Mme. Dimitrieff's equipment as a singer.

THE ENTICING MIDNIGHT SUPPER

By Jeanette Young Norton.

There is a clever woman living not far away who has the late supper down to a science. She has one hot dish, light, nourishing and easily digested, thin bread and butter sandwiches, preferably of rye bread, and unsalted butter, a hot drink of either coffee, chocolate, tea or milk.

In warm weather she varies the menu with light salads, crackers and cheese, lemonade, ice tea or a summer punch. For the younger members or delicate ones of the family she always has hot bouillon in winter and cold in summer, or a good egg nog and some light sponge cake.

Hot Creamed Dishes.

Her hot dishes run to the creamed things, such as creamed oyster, creamed sweet breads, creamed tripe and buttered soft clams, minced chicken or squab. These things seem to be more satisfactory and rest better on the stomach than the cold meat sandwiches or cheese dishes.

The oysters may be left drainging, the clams may be minced and ready, the sweetbreads and tripe may be parboiled and cut up, the chicken or squab parboiled and minced and when the cream sauce is made the trick is done. The sandiches can always be made and laid away in a damp linen cloth until needed. She has one particularly toothsome cream dressing for which the recipe is given below.

French Cream Dressing.

To a tablespoonful of melted butter add the juice of half a lemon, a pinch of bicarbonate of soda and as it froths up turn in a cup of rich milk or part cream in which a teaspoon of cornstarch has been dissolved. Stir evenly so that it does not burn, if a little too thick add a trifle more cream, salt cayenne to taste, and turn in the sweetbreads long enough to heat them, but do not allow it to burn. If made carefully this is the most delicious of cream dressings.

HOUSEHOLD HINTS

Housekeepers who care about having their homes shining, as well as spotless, will find that kerosene, salt and vinegar are three requisites for success. There are certain kinds of spots or stains which water will not affect, but almost invariably they will yield to one of the three other applications.

Decanters or water bottles which have a ring within may be treated with vinegar and raw rice. The grains are poured in until they are above the ring. They are then covered with vinegar, and the bottle is corked. It stands for twenty-four hours, and sometimes longer, if the stain is very obstinate. The receptacle should be shaken at intervals, causing friction against the stain. If rinsed afterward with strong hot ammonia water it is rarely that any trace of the ring remains.

All glass, such as mirrors, shades and the like, will be better polished if kerosene is put into the water, substituting the oil for soap. There should be a tablespoonful of it to a quart of hot water. Washing may be done with a cloth, but the final drying will give infinitely better results if papers are used instead.

Kerosene becomes the agent for spotlessness in porcelain tubs that have become stained. Few housekeepers seem to know that such tubs should never be cleansed with any kind of gritty soap. It will remove the high polish eventually and the tub will not be as white. Common laundry soap is best, and if any spot or line does not come off at once with it a few drops of kerosene put on a dry cloth, rubbing the discoloration briskly, will restore its freshness. The tub must be carefully rinsed, of course, with clear water.

A woman going into a new house who will have her bathtubs cared for in this manner will be repaid by the many years which they will appear as new.

Stains on brass which sometimes defy even good polishes will fade if rubbed with hot vinegar and salt, using the latter as though it were a powder, applying it directly. The metal must be most carefully rinsed afterward, or the acid will eat into the surface.

The Fashionable Stripe

The popularity of black and white checks in spring suitings threatens to be somewhat eclipsed by another black and white invader. The new black and white study is in stripes, and, needless to say, the woman inclined to embonpoint will hail it with great rejoicing.

A number of these fabrics are being shown in the stores and at the up-to-the-minute tailors, where their striking effects are finding plenty of followers. The stripes are in every width, from the tiny pin stripe to the quarter of an inch variety. Stripes are of equal width and quite put into the background their contemporaries of white with the black hairline or black with the white hairline.

One imported suit model is strictly tailored. The stripes in this case an eighth of an inch wide, meet in the side seams below the shoulders, though one wonders by what clever turn of the scissors they can be made so to do. Across the top of the mannish pocket on the breast of the coat is a bias band of the material, the only departure from the straight up and down effect on the entire suit. The slender effect given by this smart looking model must be seen to be appreciated. Worn with a white lingerie waist, or with one of the attractive white blouses touched with black, the black and white striped suits would make an ideal suit for the summer resorts and the seashore.

CELEBRATES HER 85TH BIRTHDAY

MRS. MAGDALENA RABUS.

Mrs. Magdalena Rabus, who makes her home with her son, John F. Rabus and family, of 536 West Third street, reached the eighty-fifth anniversary of her birth on Sunday, March 19. There was no special celebration of the day other than many congratulations and good wishes from friends and more substantial gifts from her relatives. But the aged woman who is still quite vigorous in spite of her many years, enjoyed everything that was done for her pleasure. Mrs. Rabus is a native of Germany and she has lived in Allen county for over a half century. Three daughters and two sons are living. They are George A. Rabus, of Muncie; Mrs. L. M. Blumenthaler, of Logansport; Mrs. Louise Young, John F. Rabus and Mrs. William Schaphorst, of this city. Mrs. Rabus is a charter member of Trinity Lutheran church.

QUICKLY CLEARS THE COMPLEXION

Mrs. Mac Martyn has been addressing large audiences everywhere with her lecture on "Beauty and How to Acquire It," says the Philadelphia Call. She said today: "With complexions as in dress, simplicity accomplishes most. So many women mistake in thinking high-priced powders and cosmetics best because of their cost.

"Of all skin beautifiers none compares with common spurmax. It makes an ideal, inexpensive face lotion and used daily for a time makes a rough, sallow, lifeless or pimply complexion clear and smooth.

"To make the lotion, get at any drug store four ounces of spurmax and dissolve it in a half-pint hot water, adding two teaspoonfuls glycerine. When applied it does not rub off or show like powder and is wonderful for oily, shiny, rough skins. It leaves the complexion clear, smooth and velvety."

NIGHTCAP STORIES

THE LONESOME TURTLE.

Once upon a time there was a turtle who lived in a fountain in the middle of a garden. His loneliness grew upon him to such an extent that he thought he would go traveling and see something of the world. Accordingly he flopped over the edge of the fountain and found himself in a bed of tulips; but they held themselves so stiff and haughty, he was not much encouraged, and so he continued onward past the tulips, where he met a fine fat worm upon which he feasted.

He was now ready for anything, and wandered along the garden path, his inquisitive head turning right and left. All at once he came upon Towser the puppy. Now Towser was the most amiable and friendly of puppies, but being young, he was not very wise. Also he had never seen a turtle and was therefore so taken by surprise that he behaves as only a young and foolish puppy can.

He Meets the Puppy.

He jumped a foot or two in the air and came down barking as loud as he could. Then he backed off and ran around the turtle as if he were mad, all the time keeping up his shrill barking. After a few minutes of this performance he noticed the turtle was not dangerous and only wanted to be friends, so he came up close and sniffed at the shell. At which the turtle said "Hiss," which is the only sound a turtle can make. Towser was so scared, he turned and ran like a streak down the path and went into the house.

It made the turtle quite sad that the puppy ran away. So it continued along until it came to the kitchen doorstep. The big gray cat was taking a nap there. When she saw the visitor she arched her back and her tail grew to a monstrous size. She gave a dreadful growl, but the turtle only said "Hiss" and forgot to draw in its head.

Suddenly Tabby struck a blow at the turtle's head with her cruel paw. The poor turtle was so badly hurt, it was thankful when Willie ran out and carried it back to the fountain. The cool water relieved its wound at once, and the turtle thought, "I will stay here the rest of my life, for the first companion I found was crazy and the second one wicked."

RECIPES.

Orange Gingerbread.

Three-quarters of a pound of butter, one and three-quarters pound of molasses, three-quarters of a pound of brown sugar, two and one-quarter pounds of flour, one-half of a pound of candied orange peel, one ounce of ground ginger, one nutmeg, grated, the yolk of one egg, one cupful of milk. Put the molasses in a saucepan with the butter and set over a slow fire until hot; beat well together and mix in the sugar, ginger, nutmeg, the orange peel chopped fine and the flour. Work well and set away in a cool place over night; turn out on a floured board and roll out very thin. Cut in small squares and lay an inch apart on buttered tins. Mix together the egg yolk and milk and brush it over the gingerbread. Bake in a moderate oven and as soon as taken from the oven wash them once with the egg and milk mixture.

Creme Aux Noix.

One cupful of custard, one cupful of whipped cream, three tablespoonfuls of water, one and a half tablespoonfuls of powdered gelatine, vanilla or other flavoring, quarter of a pound of shelled walnuts. Rinse out a mold with cold water, decorate it with a little sweet jelly, pistachio nuts and crystallized violets or rose leaves and allow the jelly to set. To make the custard put two level tablespoonfuls of sugar into a saucepan, add white of one egg, yolks of three eggs, and one cupful of milk; stir carefully over a slow fire until it begins to thicken, then strain into a basin. Dissolve the gelatine with the water and strain it into the custard. Put the walnuts on a pan and roast them in the oven for a few minutes so as to draw out the flavor. Then crush them with a rolling-pin or pound them in a mortar. Add them to the custard with half a teaspoonful of flavoring. Whip the cream until thick and mix it lightly in with the other ingredients. Stir occasionally until almost setting, then pour into the prepared mold. Turn out when firm and decorate with a little chopped jelly.

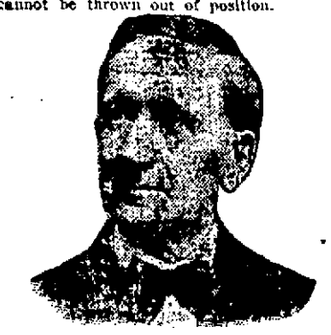
Don't Wear A Truss

Ten Reasons Why You Should Send for My New Appliance.

I Send It On Trial.

It is absolutely the only Appliance of the kind on the market today, and in it are embodied the principles that inventors have sought after for years.

The Appliance for retaining the rupture cannot be thrown out of position.



The above is C. E. Brooks, of Marshall, Mich., who has been curing Rupture for over 30 years. If Ruptured write him today.

Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.

Unlike the ordinary so-called pads, used in trusses it is not cumbersome or unsainly.

It is small, soft and pliable, and positively cannot be detected through the clothing.

The soft pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.

There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.

There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.

All of the material of which the Appliances are made is of the very best that money can buy, making it a durable and safe Appliance to wear.

My reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and my prices are so reasonable, my terms so fair, that there certainly should be no hesitancy in sending free coupon today.

Remember, I send my Appliance on trial to prove what I say is true. You are to be the judge. Fill out free coupon below and mail today.

FREE INFORMATION COUPON.

SHIPPING POOL HOLDS TIGHT.

Trans-Atlantic Get Together and Decide on Rate Schedule.

Berlin, March 23.—It is announced here that the trans-Atlantic shipping representatives who have been in conference at Cologne since Tuesday last have reached a friendly arrangement of the several disputed points in the way of a renewal of the Atlantic conference pool agreement. The members of the conference will meet again during the summer.

A general agreement regulating passenger traffic between the ports of northern Europe and the United States and Canada has been renewed and only minor details of the arrangement are still to be determined.

Makes the Hair Soft and Fluffy

"In all my experience," says Mae Martyn, writing on "Beauty" in the Boston Examiner, "I have yet to find a shampoo mixture to equal plain canthrox. You can prepare your own shampoo at little cost by dissolving a teaspoonful of canthrox in a cup of hot water, and give yourself the finest shampoo imaginable in less time than it takes to go to the hairdresser's.

"The results will be most pleasing. The scalp will be so sweet and clean with all signs of dirt, excess oil and dandruff gone—and your hair be so lustrous, fluffy and easy to do up.

"This shampoo rinses without any evidence of stickiness and the hair dries in a very little time. It is so good and makes shampooing so simple and pleasing that many society women now wash their own hair with it."

ON WEDNESDAY OF NEXT WEEK

The Local Option Election to Be Held in Perry Township.

HOPE MAKE IT "DRY"

The local option election in Perry township, of which Huntertown is the seat, will not take place on Saturday of this week, as has been stated in the morning paper. The election will be held Wednesday of next week.

Huntertown now has two saloons. The temperance people are making a strong fight against their return and hope to vote the township "dry." They feel confident they can do so if the full vote is got out. Only apathy on the part of the "drys," they say, will prevent the township from voting "dry" at the election next Wednesday.

The particular reason for the Huntertown people desiring to vote out the saloons is that the town has no police protection. The saloons, particularly during the summer months, bring there a rough element from the "dry" territory north and these rougas create a great deal of disturbance.

Huntertown, especially on Saturday evenings, is made a pretty tough place by these drunks from other places. It is unsafe, the temperance people say, for women to be out on the streets there in the evening.

WHEN THE BLACK DOG YOWLS.

Of Course a Yellow or Pink Canine Never Portends Death.

(Walt Mason, in the Chicago News.)

"You seem melancholy today, my dear Mrs. Jiggers," the star boarder said, sympathetically. "I have heard no peals of silvery laughter all the livelong day. 'The harp that once through Tara's halls,' and so forth. Why have you hung that harp on the willows, Mrs. Jiggers, if I may be allowed the expression?"

"Misfortune is going to overtake some of us," the landlady replied, gloomily. "Last night a black dog howled under my window. I never knew that sign to fail. It means death or disaster."

"That is truly a disturbing omen," observed the star boarder. "When a black dog howls under the window of an elderly respectable female at night it is high time for that elderly respectable female to get her house in order and prepare for whatever may happen. She should endeavor to atone for past errors by dishing up a better quality of butter and putting more sugar in the bowl. If Azrael should call upon you in the silent watches of the night, Mrs. Jiggers, and ask you for an account of your stewardship, could you look him in the eye and say that you had always given your boarders a square deal? The howling of black dogs should give us pause. I never paid much attention to the vaporings of spotted dogs or yellow dogs or pink dogs, but when a black dog comes to your window after dark and sings a few serio-comic ballads, the matter deserves serious attention.

"Yet even black dogs make mistakes; they have been known to choose the wrong window for one thing. Nowadays houses are so much alike, being built on the contract system, that the most cautious black dog is apt to become confused and get his wire crossed. I remember once when a black dog howled under my window until he had to take bronchial troches to relieve a sore throat and nothing happened to me, but the man next door fell off a load of potted hams next day and the wagon ran over him, and his injuries were too numerous to mention. The house that man lived in was a dead mate for the house I lived in, so there can be no reasonable doubt that the black dog was off his trolley."

"I hope you are right," said Mrs. Jiggers, "but I won't feel easy in my mind for at least a week. I've heard black dogs howl that way before and misfortunes always came within a few days."

"Dismiss the matter from your mind, Mrs. Jiggers, and try to be our little sunbeam once more. Such a matter would not cause me a moment's uneasiness. I have no doubt that there was nothing prophetic in the dog's utterances. I feel sure that there is a simple and rational explanation of the whole business. Somebody may have told that dog that we had hamburger steak yesterday and he was merely mourning for his loved and lost ones.

"To be perfectly open and candid, I haven't much faith in any superstitions. I hate to say so in a mixed company, for people who do believe in them get a great deal of comfort from them. I am satisfied, Mrs. Jiggers, that you are enjoying your misery thoroughly and living in hopes that one of your boarders will fall down an elevator shaft or perish of spontaneous combustion in order that your prophecy of disaster may be fulfilled.

"People who have intelligence enough to pay taxes are supposed to have a quantity of horse sense. If they would exercise that horse sense now and then they wouldn't believe in superstitions. Long ago, when ladies and gentlemen were executed at Tyburn, it was necessary for them to pass under a ladder that was used by the urbane executioner. Because of this polite custom the superstition arose that it was unlucky to walk under a ladder. It was unlucky in those days, without a doubt, for the action suggested the gallows tree and the three black crows. The superstition was handed down from one generation to another and is in force today, though not one man in a thousand knows how it originated or what it used to signify."

Carl Woodworth, who was called here by the illness of his brother, Ben S. Woodworth, left last night on his return to Chicago Junction, O. The patient is making a very encouraging progress toward recovery.

WHEN OHIO MET MURDOCK.

In a 20-Minute Monologue Cleveland Heard a Lot.

(Cleveland Plain Dealer.)

In a twenty minute rapid fire monologue delivered from a seitee at the Gillsy hotel recently, Victor Murdock, a red haired republican insurgent representing the Eighth Kansas congressional district in Washington, touched on the following subjects: The coming session of congress; tariff, wool, cotton, steel, wood pulp, Explorer Cook, Explorer Peary, the north pole, surveying the possibility of a war with Japan, the movement of the troops, Mexico, ordinary dubs and army generals, running a newspaper, early copy, civil engineering, Kansas farms, Wichita and environs, interurban railroads, Youngstown bills of fare, Victor Murdock and Roosevelt—but not Taft.

"When I talk about Taft," said Murdock, "I want to say something worth while."

When Victor Murdock talks you get the idea all in a bunch and he covers territory from Mexico to Canada and a side trip to Japan in a single and a brief paragraph. It is only when he speaks of Victor Murdock that he displays any nervousness.

"Oh, me," he said, "I am nothing but a newspaper man. I never was anything but a newspaper man. I never will be anything but a newspaper man. I know how to write a news story, get the punch in the first sentence and get the copy in early.

"The next session of congress is going to be a regular six-ring circus, and there isn't anybody who can watch all the rings at once, so a fellow better stick close to one ring and watch that ring. There is this to be said about congress. Owing to the disorder characteristic of congress during the last two years, there is going to be a relaxation of the intensity that has been marked in this country.

"With the democrats in power in the house, there will develop among the democrats three or four material groups, which will clash. The insurgent republicans and the standpat republicans will not dwell together in great harmony. Over in the senate there is a well known coalition of the standpat republicans and certain democrats and there will be a combined attack of this force upon the insurgent republicans and democrats. Things are going to be fought out. There are men in both parties who will no longer stand for being bossed or for machine rule. The result will be a clarification of things in general. The issues will be put more plainly before the people than ever before. The people will learn the truth about the tariff. The effect of the coming congressional 6-ring circus, I believe, will be for the public good."

The Kranich & Bach Artistic Expression Player-Piano

The Highest Grade Player-Piano in the World built Completely in one factory

Slave or Master, Which?

Anti-Mechanical The Kranich & Bach player-piano is anti-mechanical. It is for music lovers—people who can tell by listening if a favorite piece is being tastefully played. The three expression controls and other improvements in the Kranich & Bach player-pianos make artistic playing most inevitable. The intimate spirit of the composition becomes a possible attainment.

You Are Master Instead of being the slave of semi-automatic devices, the mere medium of propelling energy, the owner of a Kranich & Bach is master of the mood of each composition. All the pleasing lights and shades of a superb Kranich & Bach piano are truly at the finger tips. It makes individuality in playing possible.

For Music Lovers The Kranich & Bach gets as far away from the machine idea as possible. A two-year old child cannot play this instrument as well as you can, that is, if you are a music lover. True, the keys are operated by a roll of perforated paper, but the expression is for you to dictate. Three melody buttons in the scale divisions. Pearl-like runs, clinging melodies, crashing chords, all are at your command, and seeming to spring from the very soul of the instrument.

Not "Assembled" It is not an "assembled" product; not a piano containing one of the usual stock player actions as found in various pianos of various grades, but an unified instrument with a special, individual and original player mechanism—absolutely restricted to Kranich & Bach pianos, and expressly designed and constructed in accordance with the Kranich & Bach ideals of tone, touch and durability, representing in one instrument a perfectly related union of tone quality and tone production.

In finest mahogany or Circassian walnut. Equipped with the famous "Violyn" plate and the other exclusive structural features of the WORLD STANDARD Kranich & Bach Pianos.

Sold on convenient terms. Write for descriptive booklet, prices, etc.

LIMA OPENS THE DAY AT BOWLING

Five-Men Squad and Doubles to Be Rolled During the Afternoon.

SCORES OF CONTEST

With Lima, O., in the spotlight bowling in the Tri-State tournament was opened this afternoon at 1:30 o'clock and the other out of town clubs scheduled are those from Peru and Van Wert.

Mishawaka, Indianapolis and South Bend are yet to be disposed of before all of the games of the teams outside of Fort Wayne will have finished their bowling.

Yesterday and last night the best work of the meeting was done in the doubles and singles and the Fort Wayne Printing company's score of 2,700 was still the high mark in the five-men events when the schedule was finished early this morning.

Heenan and Davis, of Jackson, Mich., rolled into first place in the doubles and set a mark that will give the men who are to follow in that division something interesting to shoot at. Heenan doubled in each of his three games with 220 for his best effort but his partner cut in in his second and third and finished just one pin behind his running mate.

Delaney and Gilbert, and Van Ornam and Gilbert shot into second and third place, respectively.

Ben Schwartz is hooked up with Heenan in the singles, with Carl Thieme next. Chick Carr was a late shooter and he picked up 611, taking fourth place. The scores follow:

GRANT WANTS TO SELL THREE MEN

Cristall, Doty and McBrair Are to Be Disposed of by Evansville.

DIDN'T GET WELDAY

Evansville, Ind., March 23.—In Cristall, McBrair and Doty, Manager Grant has three men on his hands that he is anxious to trade or dispose of in some way. While there are several things hanging fire, none of the deals are completed and the three men still belong to the locals. The failure of the Welday deal to stand, sent Cristall back to the locals. McBrair and Doty are expected to go to the Southern Michigan league before many more weeks.

A deal is now on to trade Cristall for an outfielder in one of the Eastern leagues. The chap Grant has in mind is a fast man and a good hitter. Cristall doesn't want to come back here and it's a sure thing the fans are not sweet on him. Cristall did some good work last season, but was unlucky and lost several close contests. A change of berth would do him good. He likes the eastern territory and Grant is hoping to be able to get Billy settled.

In case Doty is not traded, there is a chance that Grant may give him a trial in the outfield. Last season and the year previous Doty devoted much time to infield work. He hits the ball and is rather fast on his feet. With Tecumseh in the Southern Michigan league two seasons back he was in 43 games and batted .254. In 1909, while a member of the Evas, he played in 32 games and hit .329, which was some better than Knoll. Last year he was unable to do much work and finished up with an average of .141.

Doty should be a valuable player for some team in the Southern Michigan league. He is a good pitcher and with confidence could hold his own in this league. In case he is not able to land as a pitcher, his record at the bat is sufficient to gain him a berth in the outfield. Doty is still a youngster and could learn the fine points of the fielding game.

ASHER FIRST TO REPORT.

Big Pitcher is in Dayton Waiting for Other Players.

Dayton, O., March 23.—Ed Asher, fresh from his labors as chief promoter of a lunch stand at Jasonville, Ind., has arrived in Dayton for spring practice and is the early bird of the squad, having landed a little in advance of any of the other players. Edward says he's in excellent condition and will not need much training before he is ready to get in and work.

Catcher Rohrer, secured from the White Sox, is also in the city and was the second arrival.

RHEUMATISM

Don't suffer unnecessarily from rheumatism. I can rectify the condition of the blood which produces the rheumatism by putting the medicine directly into the blood—not under the skin by hypodermic needle—but into the blood direct, by intra-venous injection. One treatment will cure many cases. If you have rheumatism, neuralgia or neuritis, I have the treatment you are looking for. One treatment secures convincing results without the use of opiates or narcotics.

TOOK TIME TO GET THROUGH

JACK JOHNSON

See that skull? Well, it is about an inch thick according to the computation of physicians who sought to get an X-ray photograph of it at San Francisco.

Five and one-half minutes was the time required to penetrate through the muscular and cartilageous covering of the dome of the Galveston negro. This was the shortest possible period in which the operation could be completed, and more than once as the seconds dragged into minutes anxious observers peered toward Jack, but he greeted them with the "smile of smiles" and was the least concerned of the lot.

Ordinarily the test is completed in from five to fifteen seconds, but nothing doing on the Derby route for the champion.

MACK WAITED UNTIL HIS MAN WAS BATTED OUT OF THE BOX

Philadelphia, March 23.—Diamond lore contains many absorbing tales; its annals are fraught with stories that arouse the deepest interest; its chapters are filled with wit, humor, pathos and sentiment. Hardly a recruit breaks into the major leagues but that has some story that adds to the enjoyment of the fan to read. Sufficient for this brief statement. Now to concrete illustration. Considerable tons of paper have been utilized to tell of the unerring judgment of Connie Mack in the selection of youngsters.

His wizardry in the choice of rare talent among the minors and in the colleges has been the theme of learned theses and the basis of poetry of various vintage. Most of the stories are true; all of them are interesting. Here is one that is brand new, and deals with the highest priced youngster who ever broke into fast company—Clarence Dixon Russell, southpaw.

Last summer the tomes of baseball were enriched by recounting the deeds of this lad, who smoked a blazing trail through the Eastern league and finally landed in the dragnet of the tall Tlogan. Now the matter of his purchase is not such a very extreme story, although the price paid, as said, was the highest ever given for a minor league barter.

But as an illustration of the infallible judgment that Connie Mack possesses the manner of signing Russell is of the highest interest. For the day that he bought the gallant southpaw was the day that Russell was driven from the box at Jersey City.

To purchase a player who has been taken from the mound, pay the price that Connie did for Russell, shows the reliance that the great commander of the Mackmen places in his own estimate of players.

This occasion, which marked a turning point in the career of Russell is worthy of an amplified story. It was Sunday, and the Baltimore team was engaged with Jersey City, a tailender, mind you, at that.

George Byers was catching for the Orioles in place of Ben Egan, who usually teamed with the southpaw. Russell is "stuck" on Ben; in fact, states that he is the best catcher in the Eastern league.

But, to return after digression, Byers was catching and not doing it very well. His signals alternated between a fast one and curve in monotonous regularity. His throwing was poor and as a result Russell went into the air and was pounded all over the lot.

Before he was taken off the mound the wise and foxy Connie went down to the players' bench and talked with Manager Jack Dunn. "Take out Byers and put in Ben Egan," suggested the world's champions' leader.

This was done. Immediately Russell changed, but the damage was done and he was yanked from the hurling hill. But not a whimper out of Connie about the boy. "I want him," said Connie.

Dunn and Mack dickered, and on the occasion when a tail-end team batted the southpaw out of the lot he became the highest-priced barter in baseball.

O-P CLUB MAKES DICKER FOR MEN

Hillinger is Mentioned as One of the Players Who is Interested.

SWARTLING IS OTHER

Zanesville, O., March 23.—Manager Joe Raidy has an offer from an O.-P. league club for two of his players in exchange for a good pitcher and it is likely that the deal will be put through.

One of the men mentioned in connection with the trade is "Gloomy Gus" Hillinger, who has been with the local club for two years and who is holding out on his contract. He wants more money and the management is not willing to give it to him and this is what is blocking his way to the fold.

Hugo Swartling is the other player picked for the deal, according to rumor, and it is whispered that the reason he is to be disposed of is that he is not fast enough for Central league society. With him out of the way Raidy thinks he can land a good first baseman who can hit and this one thing he has in view in making the dicker.

Joe Connelly still refuses to sign his contract because he had rather be with some other club where he can play the outfield regularly. Raidy thinks he is too valuable a man for the box and will not consent to give him a berth in the outer works.

It has been given out that the ax will be wielded in a very short time after the players report on those who do not look good. Manager Raidy will work fast in reducing his try-out squad.

It is likely the club will go through another season without a left-hander, as Manager Raidy had none in sight and has been unable to dig one up.

GRANT SIGNS COLLEGE TWIRLER.

Evansville, Ind., March 23.—Manager Angus Grant of the Evansville Central league baseball team, has signed Vernon Bowers, a pitcher from Wabash college at Crawfordsville.

SHOWS HUNTING TROPHY.

On display in a window of the Citizens' Trust company is the mounted head of a moose, trophy of the prowess of Secretary E. W. Cook as a hunter. The animal was shot by Mr. Cook about 150 miles south of Hudson Bay, Canada, during a hunting trip last fall. The moose weighed nearly 1,200 pounds, and the antlers are exceptionally long and well preserved.

GOES TO GREECE TO TEACH FLYING

C. F. WILLARD

Charles Willard, the aviator, who has been at San Jose, has announced that he will leave next month for the kingdom of Greece, where he has been engaged to instruct the army officers of that country in the military uses of the aeroplane.

Charles Foster Willard was born in Melrose, Mass., in 1882. From 1901 until 1907 he designed gas engines, especially for aeronautical purposes, and went into the general gas engine specialty business in New York.

In June, 1909, he made a successful flight in the "Old Golden Flier," the Curtiss No. 1, and has been a professional exhibitor since on Glenn H. Curtiss' staff.

SPARKS FROM THE SPORT WORLD

The Nap outfield for the coming season will be Graney, Jackson and Easterly, with Joe Birmingham for utility man.

George Wheeler, sold to Cincinnati and shunted over to Jersey City in the Eastern league, is working out with the Terre Haute team.

Suspense that has hung over the Central league about the naming of the teams is about to be relieved as most of the silly newspaper campaigns along these lines have closed.

Bresnahan says that he did not overlook the opportunity of getting "Caruso" Beck from the Boston team. "Beck was too high priced for me to get," was Roger's explanation.

Buddy Sharpe, the first baseman of the Boston Nationals last year, will captain the Buffalo team the coming season. He is one of the proteges of George Stallings.

Joe Jackson is now accused of being a rapid-fire thinker by one of the Cleveland scribes. The original charge against Jackson by the Philadelphia critics was that he was a bonehead.

Roger Bresnahan is training his Cardinals at the home grounds in St. Louis. After a few days at West Baden the team is now back in St. Louis and doing good work at League park.

Pitcher Bill Steele, of the Cardinals, has his job "cinched" for the coming season. The former Tri-State leaguer is showing up very well during the training period.

Clarke Griffith says that he could not afford to keep Miller Huggins with the Reds because he was a $4,000 man and could not afford to have a high-priced man like that on the bench. Egan was selected to play second because he was younger and hit better.

Manager Hal Chase seems to have uncovered a promising young catcher in Russell. This fellow has made two home runs in two days in the daily games between the Vets and Yans at Athens, Ga.

"Buggs" Raymond is attracting a great deal of attention because he is still holding his seat on the water wagon. Other men attract attention because they are unable to hold their seats on the sprinkler.

Judson Kirk, the young outfielder Jennings got from the Scranton team last fall, is a giant in size. He swings on the ball in a manner that indicates he is a comer and his teammates have already named him "Lajoie."

The opening games of the Washington club may be transferred to Boston or New York because of the burning of the stands. President Noyes called a meeting of the board of directors and preliminary steps were taken to rebuild at once.

"I notice by the newspapers," says Frank Bancroft, "that major league managers are harvesting big crops of youthful phenoms at spring training camps, all of which makes me laugh. Not one of these youngsters in twenty is ripe for fast company."

Manager Chance is very anxious to get his hands on some good southpaw. The sickness of Pfeister and the dismissal of Kirwan makes it appear as if Chance will have to trade some of his right-handers or another player for some southpaw. The P. L. is said to be dickering for Mattern, of Boston.

ABILITY TO HIT HELPS A LOT

The case of Ted Easterly shows just how much a club owner will do for a hitter and that the chances for a player whose ability is confined solely to batting to stick in the majors is 50 times better than those of a player who is competent in every other department.

Easterly was a failure as a catcher. The Nap management tried for two years to make a backstop out of him, and decided that further efforts would be vain. Easterly had a strong arm, but could not learn how to use it. He did not learn to shift his feet for a throw to second, and he couldn't catch runners at first and third because he took too much time getting the ball away.

But Easterly could hit around the .300 mark, and that saved his big league bacon. A weak hitter who showed as little ability outside of batting would have been sent back to the minors before his first training trip was completed.

This is Easterly's third season as a major leaguer, and he is just learning to slide. He has been on the bases as much as any other Nap except Larry in the past two years, but has never taken the trouble to learn how to run the bases.

Cases like those of Easterly, Bert Daniels and others make it look as though making good in the majors is not so hard after all. Bert Daniels cannot throw, but he can run and hit, and ability in those two lines will probably keep him in the majors a long time.

The cry of club owners is for hitters, and youngsters who can wallop the ball are always welcome in the majors.

The club owner will take a chance on teaching him to run the bases and to field. The youngster who is a finished ball player will have to learn to hit fairly well at least before he can expect to go up and stay there.

COXEY WORE A DRESS SUIT.

But the "General's" Heart is With the People Still.

(New York Tribune.)

"Gen." Jacob S. Coxey, still proud of the "hobo army" he led to Washington seventeen years ago, appeared recently in all the glory of a full dress suit and with all the graces of an after dinner speaker before the Sunrise club, at the Cafe Boulevard, to break the silence on public questions that he has maintained ever since the army made its march.

And when the silence was broken, those who had feared that along with the acquisition of riches and a dress suit the "general" had become a plutocrat or an aristocrat were relieved to learn that his heart was with the people still. He told again the story of that march to Washington to save the country, and made it appear there was no doubt in his mind last night that the country still was on the brink of destruction.

The most important thing to be done, apparently, was to follow his advice and adopt his financial scheme and put the country on a "non-interest-bearing bond" basis. He said that the Constitution stood in the way of the will of the people and should be sent to the scrap heap.

Mrs. Mary Carey, aged 80, a pioneer and well known resident of Fort Wayne, who was removed to St. Joseph's hospital last week, suffering with a bad case of pneumonia, is reported to be much improved.

I Cure Pelvic, Nervous and Chronic Diseases

REDUCED FEES

For the purpose of proving the advantage of my methods in the treatment of PELVIC, NERVOUS and CHRONIC diseases, I will not only give to everyone who calls at my office between now and the FIRST OF APRIL a careful and thorough examination free of charge, but further to demonstrate to the public the rapidity of the cures I make I will treat every case that I accept for a cure who call on me between now and APRIL FIRST at a GREATLY REDUCED FEE.

No man can afford to undertake his daily labor without being well equipped, mentally and physically. It is a fact that the man who is afflicted with any disease is working under a disadvantage in proportion to the extent of the trouble. Many a man has been forced to abandon a successful career because disease had lessened his ability to successfully compete with those who were strong and therefore able to forge to the front. Do you know how much you are losing every day of your life because of your inability to do the work of a strong healthy man? Do you feel as though you can afford to continue as you are when you can be cured? Perhaps you have tried to get well. Have you ever gone to a specialist, one who has made a life-long study of diseases such as yours? Perhaps you have gone to your family physician and because he could not cure you you have abandoned hope. Did you ever stop to consider that your family physician has several hundred different diseases to treat? Can you blame him for not thoroughly understanding all of them? Of course you cannot. Then why not go to one who devotes all his energies to the study of just a few, and who can the more thoroughly understand them?

I have made a special study of Pelvic, Nervous and Chronic diseases and have developed methods which will cure where the ordinary methods have failed.

If you will call at my office I will give you a careful and thorough examination, and if your case is curable I will make you a fee as low as possible and consistent with honest, scientific treatment.

If I think your case is curable I will tell you so, as I have no time to waste, and no desire to accept money for treating incurable diseases.

BLOOD POISON—I use only the most advanced methods in the treatment of blood poison and kindred diseases.

PROSTATIC ENLARGEMENT — This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing the disease. In fact, the causes are so many and varied that fully 75 per cent of all male adults are afflicted to a greater or lesser extent by this disease. This disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble and treated with local applications or sedatives, which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

VARICOCELE—I cure Varicocele in a few days or weeks' time without the use of the knife.

STRICTURE—I readily remove Stricture by my dissolvent method without the use of instruments.

RUPTURE, PILES, FISTULA, ETC., cured without detention from business and without the use of the knife.

INDIANA FARMERS PAY HIGH WAGES

Hands Getting Bigger Pay Than They Received Ten Years Ago.

CALL OF THE SOIL

Washington, March 23.—The status of the Indiana farm hand is fully and interestingly set forth in a publication of the department of agriculture just issued.

The lesson to be learned from this publication is that the Indiana farm hand never was in better condition in his life and a good many men who are hanging on by their eyebrows to starvation jobs in the cities would be wise to tune their ears to the slogan: "Back to the farm."

The following comparisons of wages paid to Indiana farm employes is interesting:

Without board—1890, $22.25 a monh; 1910, $28.40 a month.

With board—1890, $14.78 a month; 1910, $20.50 a month.

Harvest wages, without board—1890, $1.55 a day; 1910, $2.07 a day.

Harvest wages, with board—1890, $1.25 a day; 1910, $1.70 a day.

Day wages other than harvest, without board—1890, $1.05 a day; 1910, $1.45 a day.

Day wages other than harvest, with board—1890, 78 cents; 1910, $1.14.

States Compared.

Rapid as has been the rise in wages of the Indiana farm laborer, there are many states that offer more favorable opportunities. This is especially true of the western states, where farm hands are very scarce. The following shows the average of monthly wages without board paid to farm hands in various states at the present time:

Maine, $34.50; New Hampshire, $35.50; Vermont, $35.50; Massachusetts, $37.20; Rhode Island, $34; Connecticut, $36; New York, $35; New Jersey, $31.50; Pennsylvania, $29; West Virgina, $29; Ohio, $29; Illinois, $32.90; Michigan, $33; Wisconsin, $37.25; Minnesota, $38; Iowa, $39; Missouri, $29.50; North Dakota, $42; South Dakota, $39; Nebraska, $38; Kansas, $34; Montana, $50; Wyoming, $49; Colorado, $44.50; New Mexico, $34.25; Arizona, $40; Utah, $47.50; Nevada, $54; Idaho, $49.50; Washington, $50; Oregon, $44.50; California, $47.

By groups of states the average monthly wage without board is as follows: North Atlantic states, $33.19; South Atlantic states, $19.75; north central, east of the Mississippi river, $31.81; north central, west of the Mississippi river, $25.45; south central, $21.90; far western, $46.48.

Pay in South Low.

The farm hand who is dissatisfied with his surroundings should think twice before going to southern states, as opportunities are at low ebb. The following shows the average monthly wages, without board, paid in some of the southern states:

Kentucky, $23.10; Tennessee, $20; Alabama, $18.50; North Carolina, $19.50; South Carolina, $16.50; Georgia, $18; Florida, $25; Mississippi, $19.50; Louisiana, $30.25; Texas, $24.50; Arkansas, $24.

The wages paid to farm laborers in South Carolina are the lowest in the country.

That the "harvest hand" is coming into his own is indicated by the following wages a day, without board, paid to harvest employes in various states:

Minnesota, $2.65; Iowa, $2.51; North Dakota, $3.03; South Dakota, $2.95; Nebraska, $2.60; Montana, $2.80; Wyoming, $2.50; Idaho, $2.80; Washington, $2.78; Oregon, $2.60; California, $2.48.

South Carolina, except in the harvest season, pays its farm employes only 70 cents a day, with board. North Carolina and Georgia pay only 73 cents a day.

The facts contained in the publication seem to repeat Horace Greeley's advice:

"Go west, young man."

VERIFY IT

The Proof Is in Fort Wayne, Almost at Your Door.

The public statement of a Fort Wayne citizen is in itself strong proof for Fort Wayne people, but confirmation strenthens the evidence.

Here is a Fort Wayne citizen who testified years ago that Doan's Kidney Pills relieved sick kidneys and now states the cure was permanent. Can any sufferer from kidney ills ask better proof? You can investigate. The case is right at home.

Joseph R. Sunderland, 650 Putnam St., Fort Wayne, Ind., says: "I feel justified in recommending Doan's Kidney Pills, which I procured from Meyer Bros. Co.'s Drug Store. I suffered for several years from a kidney weakness, coupled with severe pains in my back. Since I used Doan's Kidney Pills, I have been in much better health and my kidneys have caused me but little trouble." (Statement given December 1, 1908.

RE-ENDORSEMENT.

On June 30, 1910, when Mr. Sunderland was interviewed, he said: "The benefit Doan's Kidney Pills brought me has been permanent. I have not had any pains or aches during the past year and half."

MODERN HAIR DRESSING

has played havoc with the tresses of the fair sex, and druggists everywhere comment on the fact that they are selling large quantities of sage for making the old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair and restoring its natural color.

The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact, and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations, called Wyeth's Sage and Sulphur Hair Remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

3 CURED OF ECZEMA IN ONE FAMILY

By Cuticura Remedies. Children Scratched Night and Day. Mother Suffered 8 Years. Cuticura Soap and Ointment Cured Ringworm too.

"When a child, I suffered eight years with eczema. I could not sleep at night, and had sores all over my chest. We had doctors and none could do any good, until my mother saw the advertisement of the Cuticura Remedies in the paper. We used the Cuticura Soap, Ointment and Resolvent, and they cured me of eczema. I also used them on my five children. Two of them had eczema very badly. When my children had eczema, I was not worried at all, as I knew the Cuticura Remedies would do their work. They had sores all over their heads, their hair would fall out, and they would scratch all night and day. They had it on their heads, face, and in back of the ears so that I thought their ears would drop off. I washed their heads and bodies with Cuticura Soap and they are as clean as the driven snow. Cuticura Soap and Ointment also cured my children of ringworm. I would not be without the Cuticura Remedies. They are wonderful." (Signed) Mrs. Violet Cole, 26 S. Redfield St., Philadelphia, Pa., Oct. 29, 1910.

Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold throughout the world. Send to Potter Drug & Chem. Corp., sole props., 135 Columbus Ave., Boston, for free book on skin and scalp diseases and their treatment.

WARNING TO RAILROAD MEN.

Look out for severe and even dangerous kidney and bladder trouble resulting from years of railroading. Geo. E. Bell, 639 Third St., Fort Wayne, Ind., was many years a conductor on the Nickel Plate. He says: "Twenty years of railroading left my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most painful. I got a supply of Foley Kidney Pills and the first bottle made a wonderful improvement and four bottles cured me completely. Since being cured I have recommended Foley Kidney Pills to many of my railroad friends." Dreier Drug Co.

"A SCRAP OF PAPER"

Comedy Will Be Staged by Winona College Dramatic Club.

Warsaw, Ind., March 23.—The dramatic society of Winona college takes great pleasure in setting before the public "A Scrap of Paper." The play is full of fun and mirth and is one that will please all. Dr. Myrta E. Hunn, assisted by Prof. J. O. Frank, are staging the production. On the whole the play will be the best ever given by the dramatic club. The plot of the play envolves a young man by the name of Prosper Couramont into three love affairs and his situations are both ridiculous and absurd.

The play will be given on Friday evening, March 24, at the Warsaw opera house.

FORCED TO LEAVE HOME.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for Coughs, Colds, La-Grippe, Asthma, Croup—all Throat and Lung troubles. 50c and $1.00. Trial bottle free at all druggists.

OPIUM IN BARREL STAVES.

Through some clever work on the part of the customs secret service men 199 cans of opium hidden in the staves of barrels containing lamp blacking were seized recently and the would-be importer and his assistants were arrested.

As the staves of the barrels were rather thick just in the center instead of being hollowed out, the smugglers had carved out a small sort of pocket large enough to contain a narrow can of opium in each stave. When the staves were set together it was impossible to see these openings.—Manila Times.

A SPECIAL MEDICINE FOR KIDNEY AILMENTS.

Many elderly people have found in Foley's Kidney Remedy a quick relief and permanent benefit from kidney and bladder ailments and from annoying urinary irregularities due to advancing years. Isaac N. Regan, Farmer, Mo., says: "Foley's Kidney Remedy effected a complete cure in my case and I want others to know of it." Dreier Drug Co

BRITISH LEADER WHOSE HEALTH IS FAILING.

THE RIGHT HON. D LLOYD-GEORGE

That the state of health of Mr. Lloyd-George, chancellor of England's exchequer, is worse than was supposed is evidenced by a statement published in tht English newspapers that he may not be able to deliver the budget speech this year, as his voice cannot stand the strain.

When he tried to speak in the house of commons the other day he had to pathetically appeal for silence. His voice was very weak. His friends do not expect to see much of him in the house of commons this session.

BIG ORDER FOR EQUIPMENT.

The Pittsburg and Lake Erie company has authorized an expenditure of $2,000,000 for new equipment and an order will soon be placed for 2,000 all steel freight cars. Half of them will be gondola cars and 1,000 hopper bottom cars, each to cost about $1,000. This big order indicates a belief that prosperous business conditions are coming.

YOUNG MOTHERS

The greatest crisis in a woman's life is when first she becomes a mother. All the physical strength of her nature is demanded at such times, and it is necessary that her system be thoroughly prepared for the event, in order that her health be preserved for future years. Mother's Friend is woman's safest reliance; it is a medicine for external use, composed of oils and other ingredients which assist nature in all necessary physical changes of the system. Its regular use before the coming of baby prepares the muscles and tendons for the unusual strain, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. Mother's Friend lessens the pain and danger at the crisis, and leaves the mother in such healthful condition that her recovery is always rapid and natural. Mother's Friend is sold at drug stores. ROY YOUNG TO GO TO MASSILLON

Well Known Electrician Will Go to Massillon to Reside.

ORVILLE IRVIN MAY RUN AGAIN

Has Been Member of Pennsy Refiel Board for Three Years.

Roy Young, who has been connected in a responsible way with the small motor department of the Fort Wayne Electric works for three or four years, has tendered his resignation, to become effective the latter part of next week. He has accepted a responsible position with the Ohio Brass company, of Massillon, Ohio. Mr. Young is a Purdue university graduate and also a graduate from the student's department of the Fort Wayne Electric works. He has been with the small motor department two or three years. His successor there has not been chosen.

MAY BE A CANDIDATE.

Orville Irvin Talks of Probable Event.

Orville Irvin, member of the advisory board for the Western division of the Pennsylvania Relief association, is here to spend several days looking after matters connected with the department. Mr. Irvin has the distinction of being the only man chosen a third time for the position he occupies and he said this morning that he may be a candidate for re-election. "I have two or three propositions before the association which I consider would be an improvement over some of the rules and regulations and I would like to be given an oppportunity to stay with them until they are consummated or rejected," said Mr. Irvin. He said that so far only one notice of candidacy had been received by him and that was from J. G. Roper, a blacksmith in the Fort Wayne shops. The election is not until the middle of May, however, and there may be several other applicants out in the meantime. Mr. Irvin is making his quarterly visit at the shops and yards and may be here the remainder of the week. He is a passenger conductor, with a suburban run at Chicago.

HOLD IT AT SAENGERBUND.

B. R. T. Annual Ball to Be Held There April 29.

Because of the great demand for tickets and the big crowd that will attend the annual ball of Fort Wayne lodge No. 136, Brotherhood of Railway Trainmen, Saengerbund hall has been secured for that occasion. The ball will take place Thursday, April 20, and it will be one of the best the brotherhood ever gave, if present plans are carried out. Last year the brotherhood gave a three days' fair at Minuet hall, instead of the annual ball, and it was a most brilliant success financially and socially, but the labor attached to it was greater than the members of the brotherhood feel like repeating this year, hence the dance.

WILL BE WELL PATRONIZED.

The Electro-Technic ball team, which will give a public dance at Tanner's hall Friday night, April 21, expects to sell tickets enough to very materially help out the expenses of the team during the ball season. All games are free and the club has no means of keeping up expenses only through dances and socials and the public last year recognized this fact and showed approval by liberal patronage. The friends of the ball team promise to do even better this year. Manager Al Borchert says there have been a number of tickets disposed of already and the indications are that the sales will be satisfactory. Mr. Borchert is also chairman of the athletic committee of the Electro-Technic club.

VALUABLE RECORDS LOST

Fire Which Damaged Offices of Railroads at Cleveland.

Cleveland, Ohio, March 23.—Fire destroyed nearly $100,000 worth of freight records last night and did $5,000 damage to the freight house of the Lake Shore and Big Four railroads on the lake front.

The flames started near the office, where the records are stored, and while the fire department was successful in preventing the flames from spreading to the rest of the building the records, which are very valuable, were destroyed.

Some of the freight stored nearest the offices was damaged by water. The two railroads use the same building.

WAS MARRIED MONTHS AGO.

Assistant Foreman T. A. G. Stonebrook, of the Pennsylvania paint shop, played quite a joke upon his friends Thursday when he told them he was going to Reno, Nevada, to be married. The fact is Mr. and Mrs. Stonebrook are simply taking a little pleasure trip. They were married September 8 at Montreal, Canada, according to the records of employes, and have been keeping the matter secret for some reason or other. During the absence of Mr. Stonebrook, Andy Carrington will have charge of the shop.

WILL GIVE A SOCIAL.

R. M. Pence, L. Waffel, Herman Stohl, Benjamin Singleton and Fred Schoeffernot compose the committee which has in hand the arrangements for an open meeting and social to be given by Friendship lodge, No. 70, International Association of Machinists, at a date to be selected by the committee. The object of the meeting will be to give the members and those who are not in the union, but eligible, an opportunity to come together on a social way and also to give opportunity to the old and the new members to get acquainted, for the lodge has made a number of additions to its membership roll lately.

GOING TO OREGON TO LIVE.

With the homeseekers out of this territory one week from next Tuesday will be a party of well known Fort Wayne residents, who are going to Hermiston, Oregon, to occupy lands and engage in fruit and onion growing. Among them will be Mr. and Mrs. William H. Simmons and their daughters, the Misses Gertrude and Jennie Simmons; Mr. and Mrs. George F. Bandtel and family, of Masterson avenue, and Mr. and Mrs. Blessing, of Edgewater avenue. They have disposed of their property in Fort Wayne.

CHANGE AT LAMP WORKS.

Kurt H. Johns will be transferred to Harrison, N. J., April 1, to assume the duties of assistant to General Manager Charles A. Beal, of the General Electric company. He will be succeeded as superintendent of the lamp works in this city by J. C. Hipple, who holds a similar position with the company's plant at Toledo. Mr. Johns came here four years ago and has made good with the company, in addition to becoming quite popular with a large circle of friends.

HIGH OFFICIAL WILL SPEAK.

W. P. Short, national president, and W. P. Grinn, secretary of the state council, of the Building Trades Council of the Federation of Labor, will address the local division at the meeting at the Painters' hall this evening. The management earnestly requests the presence of all persons not members of the association who are eligible to be at the hall and participate in the enjoyment of the occasion. The subject of changing the meeting night of the division will also be a feature of the meeting.

PLUMBERS' ASSOCIATION.

John B. O'Rourke, who has a plumbing establishment on Superior street, was given a prominent position on the committees of the Indiana Plumbers' association at the meeting in Vincennes yesterday. Other officials chosen at the meeting were: President, C. H. Maloney, of Gary; vice president, Joseph Hayes, of Indianapolis; secretary, John B. Burke, of Gary; treasurer, A. E. Workhoff, of Lafayette. Lafayette will be the place of next year's meeting.

SICK OR INJURED.

The absentee list of enginemen and trainmen on the Pennsylvaia is somewhat larger than usual, owing to the prevalence of grip among the men. New names on the lists include Conductor W. J. Bashelier, Engineers J. P. Shea and F. W. Paul, Brakemen C. S. Stoner, J. K. Hernes and E. W. Lobenstein, who are sick; Brakeman R. C. Taylor, injured knee and hands by a fall, and Brakeman T. L. Brumbaugh and Fireman O. O. Fell, each with a sprained ankle.

AWAIT ENGINEER'S REPORT.

Crooksville, Ohio, March 23.—Whether or not the Wabash system will resume work on its Zanesville, Marietta and Parkersburg division and complete during the coming summer depends much upon the report of Chief Engineer Charles Morris, who is in this section inspecting the work already done on the line. The directors will take definite action within a few days.

IN BUSINESS FOR HIMSELF.

A. W. Arter, who served an apprenticeship at the Pennsylvania shops, and at its completion went west and worked a year or so in other shops, has engaged in business at his trade here, the firm being Mercer & Arter, and they make a specialty of automobile work. Mr. Arter called at the Pennsylvania shops yesterday to see his old shopmates.

DRAUGTSMAN RESIGNS.

Milton Merriman, a draughtsman at the Pennsylvania shops, has tendered his resignation to Foreman Branson. He has made arrangements to engage in business in a thriving little city in Idaho and will soon leave for that place. Mr. Merriman has been employed at the Pennsylvania offices only a few months.

AUXILIARY PEDRO PARTY.

The Ladies' Auxiliary to Fort Wayne lodge, No. 136, Brotherhood of Railway Trainmen, will give a pedro party open to all their friends at the hall, 1026 Calhoun street tomorrow afternoon. The committee on entertainment on this occasion will be composed of Mesdames Imbody, Ferguson and Pio.

TO DECIDE FIRST PLACE.

The Knitting Mills and the Fort Wayne Electric works' bowling teams are a tie for the championship of the leagues' series for 1910-1911 and will have a game at the Metropolitan alleys to settle the matter. The result of this game is a matter of considerable interest to a number of people and will be anxiously awaited.

SHOPS IN OPERATION.

The Pennsylvania shops resumed operations this morning, after a day's suspension. It was rumored among the men today that the works would not be in operation Friday, but this is a mistake. All parts will be in operation tomorrow as usual.

NAVIGATION TO OPEN.

Local passenger agents have been advised that the Detroit and Cleveland Navigation company will open the lake season with a daylight trip of the steamer City of Detroit next Monday between Detroit and Cleveland, making the round trip in two days.

TO PITTSBURG ON BUSINESS.

Capt. H. C. Stoll, of the Pennsylvania, left this afternoon for Pittsburg, where he will attend a meeting of the captains and other police officers of all of the lines west of Pittsburg. It will be held tomorrow.

INDUSTRIAL NOTES.

W. F. Sprandel, a lineman at the Pennsylvania power plant, is sick and off duty.

W. L. Wilt went to Chicago this morning on business for the Pennsylvania company.

Pipefitter F. J. Ruch is on duty at the Pennsylvania shops again, after being ill a week.

After an illness oftwo weeks, F. Muellenbruch, a blacksmith in the Pennsylvania shops, is on duty.

C. T. Hanna is sick and Hi Van Dine is off duty because his wife is sick. Both men are Pennsylvania shop employes.

William Donnell, elevator man at the Electric works, has moved his family from 1009 Heustis avenue to 2123 Fairfield avenue.

Al Bucheit, a clerk at the Fort Wayne Electric works, was presented with a son yesterday and as a consequence was so elated that he could hardly remain at his desk today.

Supt. M. L. Reynolds, of the Lake Shore, came down from Hillsdale yesterday to look after this end of the line. He spent a portion of the time at the Rolling Mills, where a good portion of the business in this city originates.

Master Mechanic B. Fitzpatrick, of the Pennsylvania, left this morning for Altoona, on business for the company. Mrs. Fitzpatrick accompanied her husband and they will visit awhile with his brother, James Fitzpatrick, at that city, before returning home.

The Western Maryland company this week placed an order with the Baldwin Locomotive company for five passenger engines of the Pacific type and an order with Barney & Smith for fifteen vestibule passenger cars, two baggage cars, two combination cars and four mail and express cars.

After four days' work the large Baltimore & Ohio locomotive which went over the mountain side of the seventeen-mile grade just west of Piedmont, W. Va., has been recovered. It rolled 300 feet. Three large cranes and long cables were required to haul it up the mountain side.

The Wayne Knitting Mills has in contemplation the publication of a monthly journal for free distribution among the employes. It is proposed to publish news which will be interesting and instructive to the employes and the life of the magazine will depend upon its popularity with the employes.

The Lake Erie & Western railroad has just made a contract with a stone company at Bluffton by which the latter will furnish the stone for ballasting the company's entire trackage from Fremont, O., to Peoria, Ill. It will take about four years to complete the contract. Fifty car loads of stone a day will be used in ballasting the road.

If a bill rencently introduced in the Ohio senate becomes a law it will give to traction companies all the rights in the way of condemning property for improvements that the steam roads have in that state. The electric lines have been hampered in construction work by the law, which does not give them the right to condemn property wanted for right-of-way and this bill aims to eliminate this difficulty.

John Otis, of the Erie, inspected a number of car wheels and car supplies at the Bass foundry today and T. Johnson, representing the New York Central lines, will be at the foundry tomorrow for a similar purpose. Mr. Otis says that there has been no improvement in the work conditions in the shops at Huntington, seven hours per day for the day men and five hours per day for the piece men being the schedule.

The reduction in price of upper berths in Pullman sleeping cars has greatly increased the demand for them, ticket salesmen say. When no difference in the price existed, everybody wanted lower berths and it was impossible to dispose of an upper berth until all of the lower ones were engaged. The demand is not confined to men, as women who wish to save at a small additional inconvenience frequently request upper berths.

A number of new books will be placed on the shelves of the public library tomorrow morning.

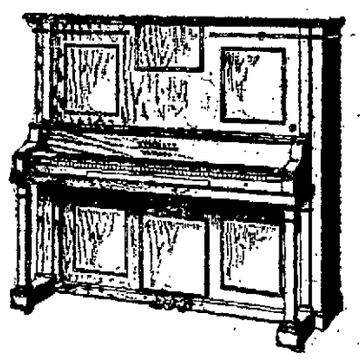
Are You Thinking of Buying a Player-Piano?

Then Read the Following Facts Carefully

KIMBALL PLAYER-PIANO

Built Completely In One Factory



A complete musical instrument of which the entire case work, pin block, bridges, iron plate, sound board, piano action, hammers, key board, etc., as well as the

Entire Player Mechanism

are constructed, finished and harmonized in one factory, under the supervision of experts

Are You Aware

that most player pianos are "assembled;" that the so-called manufacturer buys his piano action from one concern, the player action from another, iron plates, sound boards, etc., in fact all important parts are bought from different concerns in various parts of the country, produced under different conditions by men and boys of varying degrees of skill?

Naturally instruments so produced cannot present any such uniformity in quality and durability as is obtained by the KIMBALL method.

Kimble Player Action

is the most simplified on the market, containing **all metal tubing** (not short-lived rubber as in others.) The principles involved are protected by twenty-one patents and is the **only Player Piano absolutely guaranteed for five years.**

Consider what this means. Then perhaps you will realize the reason for its unbounded popularity.

These magnificent instruments are sold at a moderate price and on easy terms. Old instruments taken in exchange and full value allowed.

KINDLY REMEMBER that we guarantee you a saving of from $50 to $150 by walking up one flight of stairs.

THE HOUSE THAT SAVES YOU MONEY

IS QUIET WEEK IN THE MARKETS

The Cold Air of the Incoming Spring is the Partial Cause of It.

FEW CHANGES TODAY

Usually market reports are prosy reading and this week they are unusually so on account of the absence of any news features to make them interesting. Beginning with Monday the local market has been very quiet. This is partially due to the cold weather that has prevailed and the fact that the farmers are busy. The market today was the best of the week and yet it was small. The prices on about everything was practically the same as it has been for the last week.

Prices on seeds have materially advanced during the last week. This is on account of the increased demand and the comparatively limited supply. A number of farmers have found it necessary to reseed their fields. Fertilizers are also in increased demand and the business at present is quite active.

The business at the city scales Wednesday was light. Only two loads of hay and one of oats passed over the platform for weight. There were none of corn. This is the lightest business for many weeks. The corn on the Barr street market was selling today as high as 45 cents. Oats brought 29 and 32. Hay sold at from $14 to $17.

Fish continues to have a lively sale in the fish markets with quotations for pickerel at 13 to 15, trout 15, salmon 17 to 18, bluegills and perch 10 and white fish 13 and 15c.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., March 23.—Drought northwest occasioned a new advance today in the price of wheat. A slight sprinkle at Regina beyond the Canadian line, was the only exception to the fact of moisture in the entire spring crop section. Traders here ignored the fact that European markets showed no response to the previous upturn on this side of the Atlantic. The opening was a shade higher to a shade lower. May started at 90¼c to 90¼c the same difference from last night as the opening list taken together.

Some buying of corn resulted from the strength in wheat. Country offerings were light and there was a moderately good cash demand from the east. May opened a sixteenth to ⅛c off at 48½@48¾c to 48⅝c and advanced to 48¾c.

Independent strength developed in the market for oats. Commission houses purchased quite freely, and one local speculator alone took 250,000 bushels. May started unchanged to a shade higher at 31c to 31@31⅛c and made a further gain to 31⅛@31¼c.

Larger receipts of hogs than expected made provisions drop. First sales were 2½c to 12½c down, with May at $16.57½ for pork, $8.80 to $8.82½ for lard and $9.22½ for ribs.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Muncie has contracted with a gas company to light the city at 15 per post per annum for five years. They did not want any electric light.

Franks & Wellman, the undertakers, have leased for five years the store room just vacated by L. T. Bourie at the corner of Clinton and Main streets and will occupy it April 1. The gentlemen now do business on Maiden Lane.

The prohibitionists of Wayne township yesterday nominated this ticket: For trustee, J. W. Cromwell; justices of the peace, David W. Jones, H. C. Schrader, John Spice; constables, Thomas Cavanaugh, Newburg Moore, W. H. Case; assessor George W. Jones.

City Civil Engineer Goshorn is considering the feasibility of constructing a tunnel under the railroad tracks at Lafayette street. The council committee turned the matter over to him, and if the railroad companies stand a reasonable assessment, the much-needed improvements will be made.

The Standard Juniors is the name of a new Jewish club, excellently officered: Louis Wiley, president; Levi Becker, vice president; Max Pottlitzer, secretary; Edwin Fisher, treasurer. The society will have literary and debating exercises at every weekly meeting and will endeavor to cultivate a literary ardor among its members.

The first presentation of the operetta, "The Naiad Queen," was given at the Temple last night. Miss Helen Jeffers, of Terre Haute, sang the leading role, and others in the cast as printed on the program were: Sadie Churchill, Stella Lawrence, Mignonette Gumpper, Addie Davis, Idalaide Godfrey, Lillian Stribley, Hattie Rosenthal, Addie Komp, Georgia Blackburn, Lillie Hettinger, Nellie Browne, Millie McCurdy, Rosa Pressler, Jennie Betner, Jessie Smith, May Bradley, Rosella Beaubein, Kate Pence, Grace Kilpatrick, Maud Graham, Kittie Moore, Kittie Pollhemus, Dasie Cosgrove, Ilsie Johnson, Eve Beaubein, Ella Getz, Mary Connett Jennie Campbell, Clara Piepenbrink, Maud Wilkinson, Emma McElfatrick, Lizzie Tegtmeyer, Nettie Racine, Minnie Manasdail, L. NO NEED TO STOP WORK.

When your doctor orders you to stop work, it staggers you. "I can't," you say. You know you are weak, run-down and failing in health, day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at all druggists.

Uric Acid in Our Food

Nearly everything we eat produces Uric Acid especially red and lean meats, and if it were not for the healthy blood that flows through our bodies every one would fall a victim to Uric Acid poisoning. **Only those with impoverished blood are subject to Rheumatism and Gout.** When thin and watery, it admits Uric Acid which in turn settles in the linings of the kidneys, stomach, bladder, joints, bones and even in the muscles themselves, carrying pain and misery with it. Get rid of Uric Acid and you will get rid of Rheumatism. The Great

Golden Crown

Remedy is an antidote to all poisons of the kind. It cleanses and purifies the blood as effectually as good soap and clean water cleanses a piece of linen. In thirty minutes after taking the first dose traces of it are found in the blood and after a few days use the blood becomes thoroughly charged with the wonderful germ destroying and health giving properties. You can actually feel it as it forces the poison out through the pores. Your skin may show slight color and roughness and itch a little for a few days; a condition that need create no alarm as it passes away as quickly as it comes. Three doses will stop the most obstinate case of dyspepsia and a few weeks' use will restore digestion and overcome constipation. Three days' use is sufficient to prove its worth in all such cases. Don't fail to give it a trial. Price 25 cents.

Ladies are no longer obliged to use Face Powder. It only helps for an hour or so, then it's gone. Our Lectro Skin Food produces the same effect as powder, and its effects are lasting. In addition it rounds out the cheeks, tones, softens and whitens the skin with the first application. If one week's use does not make you look five years younger we will give your money back. You should not fail to give it a trial. Large jar, Price 50 cents.

DON'T WORRY

Is your landlord waiting for his rent? Is your grocer waiting for his bill? Is your life insurance waiting for its premium? Is your furniture store waiting for its payments? Is some loan company pressing you for a settlement? Have you had sickness, death, perhaps with all its extra bills? If so, you have worry enough without worrying about money.

Come to us. We will loan you the cash you need in a lump sum, to do with as you please, and allow you to pay it back in small, regular payments arranged and stipulated by yourself.

WE LOAN $10. TO $300.

On furniture, pianos, automobiles, machinery, stock certificates, life insurance policies, growing crops, live stock, etc., in city or country. Security left in your possession.

Monarch Paint 100% Pure

Always stays where you put it regardless of sun and climatic changes. Will cover more and wear longer which results in satisfied customers.

There is no human hand that can mix paints as thoroughly as a machine, stirring into the white lead base, the colors, oils and dryers. That is a foregone conclusion. Therefore, when you can buy a pure paint correctly blended, why experiment with others?

See that your painter uses 100% PURE in all your work and get the best. It costs no more.
